

U.N. Adopts Western Atomic Control Plan

Cost Of Living Increased Only .7 In September

OTTAWA (CP)—The official cost-of-living index advanced only seven-tenths of a point during September, indicating a slackening of the pace of its year-long rise, the Bureau of Statistics said today.

The index rose from 158.9 at Sept. 1 to 159.6 at Oct. 1. A year ago it was 142.2.

The index, calculated on the basis that 1935-39 equals 100, now is 58.3 per cent above its August, 1939, reading.

The September gain of seven-tenths of a point compares with a rise of 1.4 points during August.

The bureau attributed the September rise to increases in foods, fuel, clothing and home furnishings. The sub-indices covering rents and miscellaneous items were unchanged.

'Red Dean' Denies Being Detained By Immigration Men

MONTREAL (CP)—Very Rev. Hewlett Johnson, "Red Dean" of Canterbury, laughed off reports today that he had been temporarily detained by immigration authorities on his arrival in Canada Wednesday night and got ready to leave for Toronto on a Canadian speaking tour.

Both immigration authorities and the Dean, noted for his pro-Russian views, denied he had been detained on his arrival at nearby Dorval airport.

The Dean told newspaper men at immigration headquarters this morning that he was free to travel in Canada and then launched into one of his favorite subjects—the freedom of religion in Russia.

J. A. Langlais, inspector-in-charge of immigration offices here, also said there had been no question of detention in the Dean's case.

2 Jew-Owned Hotels Burned In Ontario

OTTAWA (CP)—Two Jewish-owned hotels were burned down Wednesday night at Carlsbad Springs, Ont., and the owner of one said today anti-Semitism had been responsible. Carlsbad Springs is 10 miles southeast of Ottawa.

Meanwhile, provincial police were investigating a report that an unidentified "tramp" had been seen loitering near the adjoining buildings—the Tenebaum Hotel and the Epstein Hotel—before the start of the \$65,000 fire.

Plane With 15 Lost

PARIS (AP)—Agence France-Press said today a French military Dakota plane on a flight from France with 15 persons aboard was missing in Indo-China. The agency said the plane had sent out an SOS but search efforts have been fruitless.

France Accuses Communists Of Sabotage In Coal Mines

PARIS (AP)—The French government today accused the Communists of sabotage in the strikebound coalfields, as it pushed for new laws to curb labor violence.

The Interior Ministry charged strikers are trying to maintain a reign of terror in the coalfields to keep miners from going back to work.

Coal-digging machines have been wrecked, heavy dirt-laden carts have been thrown into the pits, mine elevators have been destroyed and administrative offices have been pillaged, the ministry said.

The automobiles of many non-Communist miner leaders have been burned, their homes at-

Start Work On \$2,000,000 Extension

Excavation work at the rear of the present Hudson's Bay Co. store, in preparation for the construction of a \$2,000,000 addition, commenced this morning when a mechanical shovel arrived on the building site and started digging up what formerly was the store parking lot. On hand to watch the first scoop taken up were: C. Nicholls, store engineer; Mayor Percy George and C. N. Chubb, store manager. Commonwealth Construction Co. Ltd. is the contractor.

Differential Freight Rates Seen As Abuse

VANCOUVER (CP)—A. L. McLennan of Vancouver told the Board of Transport Commissioners here today the Canadian railways "are doing a poor job of selling the mountain differential to the people of Canada."

The United Distilleries president, speaking during cross-examination of his firm's brief against the mountain freight rate, said "Canadians should pay equally for all things. I am fully convinced of this."

"The Canadian economy cannot be of any use if the railways can't make money. We are not applying against the railways," he said, "but against the mountain differential."

SEEN AS ABUSE

"We think the mountain differential is an abuse."

"If it is not an abuse," he argued, "the railways are doing a poor job of selling the necessity for the rate."

A. K. Dysart, counsel for Canadian National Railways, admitted the railways were deficient in salesmanship, but said "we are going to rectify that."

In the cross-examination Mr. Dysart suggested difficulties encountered by Mr. McLennan's industry were competitive ones and largely unrelated to the mountain differential.

"We are not finding any difficulty competing with other firms," Mr. McLennan said.

"That's what I wanted to hear you say," said Mr. Dysart.

Mr. Dysart pointed out transportation costs of western shippers marketing whisky in the east and eastern shippers mar-

tacked and the child of one badly hurt by acid, the statement said.

The government announced Wednesday it was drafting harsh new laws to cope with these acts which Premier Henri Queuille called part of the Communists' "veritable attack against the country."

One law was expected to widen the scope of the present law providing the death penalty for treasonable acts and sabotage imperilling national security.

Some 30 per cent of the 145,000 miners on the morning shift were back on the job in mines heavily guarded by thousands of police and soldiers. The month-old tie-up has cost France nearly 5,000,000 tons of unmined coal.

keting whisky in B.C. were the same because of trans-continental commodity rates.

GRAIN SHIPMENTS

Mr. McLennan said the disadvantage to a Vancouver-based firm was largely felt in shipments of grain, malt and bottles, as well as distribution costs within the province.

"This is the mountain differential," he said.

Earlier, Mr. McLennan had named the people of British Columbia as the "ultimate victims" of the mountain rate.

He said the extra tariff placed on them "consumer burdens which are not equally shared by other Canadians."

Dormitory Raid Held Just Prank

WINNIPEG (CP)—Reports of a male students' Halloween raid on the Fort Garry women students' residence on the University of Manitoba campus have been termed a gross exaggeration by university president A. H. S. Gillson.

President Gillson said: "Entire reports of the raid were grossly exaggerated. It was just a Halloween prank—nothing else. No one will be expelled from the university. The incident is closed."

Early Sunday morning 80-odd masked male students raided the women's residence, dumping sleeping pills out of bed and covering them with confetti and feathers.

"As far as the girls are concerned, it was just a prank and a stunt," president Gillson declared. He said male students had done the same thing last year.

Swindle Charged

NEW YORK (AP)—Nathan Shapiro and his wife, Charlotte, were held without bail today pending investigation of an alleged \$500,000 international swindle against Czech survivors from a German concentration camp. Lewis Joseph, assistant district attorney, said he would produce evidence that transfers to that value were arranged during trips to Europe by the Shapiros, after which the Europeans were denounced to British and U.S. authorities for sending out money.

Truman Rejects 'Eat Crow' Idea

WITH TRUMAN EN ROUTE TO WASHINGTON (AP)—President Truman rejected today a suggestion that those who forecast his defeat be forced to "eat crow" in public.

At Jefferson City, Mo., he read a telegram from the Washington, D.C. Post, which offered to arrange a dinner at which its own writers and other wrong guessers would eat "breast of tough old crow on a platter."

Mr. Truman said he had been in many election campaigns and added: "After an election is over I never bear any malice."

"The man who is defeated feels badly enough without being crowded over. And that's what I'm going to tell them."

Christmas Mail Deadlines

OTTAWA (CP)—The Post Office department said today that Nov. 8—next Monday—is the deadline for Christmas Mail to Europe. Deadlines for the United Kingdom will be Nov. 15 for parcels and Nov. 29 for letters.

U.S. Election Unchanged; Truman Captures 28 States

WASHINGTON (AP)—With about 94 per cent of the vote counted from Tuesday's presidential election, President Truman today had won or appeared assured of victory in 28 states with a total of 304 electoral votes.

Governor Thomas E. Dewey of New York seemed certain to carry 16 states with 189 electoral votes, 17 short of the 266 needed to capture the presidency.

On the basis of incomplete returns this morning, only two states—California and Idaho—conceivably could shift against the President. And in both states, Truman's lead appeared sufficient to give him their combined 29 electoral votes.

CALIFORNIA'S DECISION

With 3,027 of California's 16,802 precincts unreported Truman had 1,533,153 votes to Dewey's 1,475,223. California has 25 electoral votes.

In Idaho, with 59 of the state's 834 precincts unreported Truman led 105,395 to 99,502.

The only state now in the Dewey column which conceivably could shift to Truman is Indiana with 13 electoral votes. With 967 of the state's 4,056 precincts still unreported Dewey held a lead of 773,260 to 765,963.

In popular vote, returns from

U.S. Would Lift Sanctions From Holy Land Move

PARIS (AP)—The United States asked the United Nations Security Council today to delete references to sanctions from a British-Chinese Palestine proposal directed mainly at Israel.

The resolution, introduced Oct. 28, would provide for economic and political sanctions to enforce peace in the Holy Land. Shortly after it was presented, a reliable informant said the United States would back it. Later, however, other informants said President Truman had intervened to change the American delegation's position.

THREAT TO PEACE

Dr. Phillip C. Jessup of the U.S. delegation proposed today an amendment enabling the council to consider action under chapter seven of the charter. That chapter sets out what action the council might take "in respect to threats to the peace, breaches of the peace and acts of aggression."

Ontario, Quebec By-elections Due

OTTAWA (CP)—Acting Prime Minister St. Laurent said today federal by-election matters had been under cabinet consideration this morning and indicated an announcement would be made tomorrow forenoon.

There are two federal by-elections in the offing—in the Ottawa district riding of Carleton and the Quebec constituency of Laval-Two Mountains.

Carleton riding was left vacant recently by Russell Boucher, the sitting member, who resigned to open a seat for George Drew, the newly-elected Progressive Conservative leader.

U.S. Plane Crashes At Azores Killing 18 Of 20 Aboard

TAMPA, Fla. (AP)—A United States Air Force B-29 crashed on a take-off from Lages Field in The Azores Wednesday, killing 18 of the 20 men aboard, MacDill Field reported today.

One man was missing. Another survived with major injuries, Capt. George Byrnes, public information officer at MacDill, said. The plane was one of a number returning to the United States from England.

To Be Governor

ARTHUR B. LANGLIE

The State of Washington will have a Republican at the head of its government as a result of Tuesday's election. See "Wallgren Concedes," page 3. This picture of Mr. Langlie was taken during one of his visits to Victoria. He was Governor of Washington 1941-44.

Coastal Community In Oregon Becomes Island In Storm

PORTLAND, Ore. (AP)—One Oregon coastal community was on an island today and all along the north coast residents sought to repair damage from a battering storm.

Bay Ocean, located on the peninsula forming the western side of Tillamook Bay, is isolated and water runs 200 feet wide through a channel cut by crashing seas. The break came Wednesday morning, marooning the approximately 80 permanent residents of Bay Ocean.

An emergency footbridge was in place today and a fire hose was used to take water to the residents of the town, which lies immediately south of the break.

Farther south, the outlet to Devil's Lake at Delake is closed by sand and logs. The lake level was up an estimated two feet to day and lake front cottages were in some hazard. It was thought the outlet could be opened, however, before the level reached a dangerous point.

The wind slackened off today, but at its crest Wednesday it tossed huge logs over seawalls and against scattered cottages all along the north Oregon coast.

Victoria Clergyman Heads Labor Board

Rev. K. L. Sandcock of Victoria has been named chairman of a conciliation board which will endeavor to find terms for a collective agreement acceptable to the Hudson's Bay Co., Victoria, and the Retail Clerks' Union, Local 279.

Nominee of the company on the three-man board is A. Blair Paterson, Victoria lawyer. Lloyd Eastler of Vancouver, president of the Vancouver local of the Street Railwaymen's Union, is the union nominee.

The two parties have been unable to agree on wages. Involved are 450 employees of the company.

The Anglican clergyman has served on several other conciliation boards previously. The appointment of the board was announced by the Labor Relations Board.

Answers To Russia's Strength In Times

How strong is Russia? This question is being asked every day in every quarter.

"The answer is both reassuring and frightening," writes R. H. Cookridge in two articles which will appear in the Victoria Daily Times, "The Home Paper," tomorrow and Saturday. Mr. Cookridge is author of "This Is the Real Stalin" and was formerly correspondent for the Kemsley newspapers of Great Britain. He is now accredited to the United Nations.

Russians Bitterly Protest Omission Of A-Bomb Ban

PARIS (CP)—The United Nations' General Assembly today approved, over bitter Russian protest, the western plan for world atomic control.

The vote was 40 to 6, with four abstentions. The Russian bloc countries alone voted against the western plan.

Earlier the Assembly had turned down Russia's counter-proposal and the amendments made by India.

The rejected Russian proposal called for a treaty banning the atom bomb and a separate pact setting up controls. The treaties would have been effective simultaneously. The vote on this, too, was 40 to 6, with only the Soviet bloc states voting in opposition.

An Indian amendment to approve the western plan "in substance" only was rejected 15 to 9, with 26 countries abstaining. The west insisted on full approval.

The delegates then turned to a vote on the western plan, approved by a majority of the 58-member political committee.

Based On Baruch Proposals

By its vote the Assembly did this:

1. Approved the majority plan for atomic control as the basis for establishing effective international regulation. This is based on proposals made June 14, 1946, by Bernard M. Baruch of the United States.

2. Expressed official concern at the impasse between Russia and the west, objecting to the inspection provisions of the Baruch plan, consistently attacked it.

3. Requested Canada, the United States, Britain, China, France and Russia to consult to determine whether there is a basis for agreement and to report to the Assembly not later than the next session.

4. Called upon the Atomic Energy Commission to pick up its work where it left off last spring, when it decided it could not do any more work until the east-west deadlock was broken.

ing with the six countries concerned with atomic energy control. He firmly denied international negotiations have reached a dead end.

The Canadian delegate said he would press for a meeting of the six countries—the Big Five and Canada—at the earliest possible moment. The Dominion would propose that representation at such a meeting should be on the high level appropriate to the nature of the "political difficulties" blocking international atomic controls.

"I would like to make it clear we believe the six sponsoring powers should have the responsibility of removing political difficulties so the Atomic Energy Commission may proceed with a solution of the technical difficulties," he said.

LATEST

Langlie To Take Rest In Victoria

SEATTLE (AP)—Governor-elect Arthur B. Langlie said today he and Mrs. Langlie expect to take about a week's rest, possibly in Victoria, B.C., and that he will then return and start work on the state's budgetary problems and the membership of his cabinet.

Reds Take Yingkow

SAN FRANCISCO (AP)—Yingkow, one of the government's two escape ports in Manchuria, has been captured by Communist troops who annihilated many national troops in the operation, the Communist radio said today. The radio claimed the port was captured Tuesday.

Seas Hit Neah Bay

SEATTLE (AP)—The Coast Guard said seven families were evacuated today from Neah Bay when high seas undermined their homes. One man was reported missing after an army telephone crew was tossed into the waters of the Soos River when its boat capsized.

Coldwell Pleased

MONTREAL (CP)—M. J. Coldwell, C.C.F. party leader who was a delegate to the recent Commonwealth Conference in London and who arrived here Wednesday night aboard the liner Empress of Canada, said today he was happy over the results of the United States election.

C.I.O. Oil Workers Returning To Work; Accept 12½ Cents

SAN FRANCISCO (AP)—C.I.O. oil workers began returning to work today for wage increases offered before they struck six major California refining companies two months ago.

Agreements have not been reached with all of the struck oil companies, but a wage pattern had been set to end the walkout, which caused gasoline rationing in the west for a time. Production continued, however, and rationing ended last month.

The Shell Oil Company was first to sign with the union. Then the union announced peace with Standard Oil and with Tidewater Associated.

Quick settlements with Texaco, Richfield and Union Oil companies were expected. About 15,000 workers walked out.

The Shell pattern-setting pact granted the companies' pre-strike offer of a 12½-cent boost over the hourly wage scale of \$1.68, retroactive to July 3. The union had asked 21 cents.

'Cat Burglar'

City policemen caught the "culprit" Wednesday night when they hurried to a Blanshard Street address in response to an alarm that a prowler was in the house. The burglar turned out to be a cat. It had been locked in and was trying to get outside again.

Small Labor Group Questions Wisdom Of Production Drive

LONDON (CP)—Production is the cry in Socialist Britain today—production for export to bridge the dollar gap—but within the ranks of labor there are critics who doubt its wisdom and say so.

The openly-critical group is comparatively small—not more than 400,000 out of Britain's total labor force of 19,000,000. But it is vocal with the argument that the question of production is irrevocably tied to others such as wages and prices and long-term effects.

These worker-critics, mainly from woodworking, electrical and bakery trades, recently vented their feelings at the annual convention of the 8,000,000-member Trades Union Congress at Margate. The convention approved the production drive, as it always has, but only after heated debate. One delegate declared there would not be an increase, but a decrease in shipbuilding unless workers got wage increase consideration. Another expressed fear unemployment would eventually follow all-out production. Others were howled down when they insisted on injecting wages, profits and war into the debate. Some said production was a "class question" and asked "Who gets the most out of it?" without answering their own question.

These critics, regarded as an irritation to smooth agreement among the workers, present another problem in a government production drive that goes far beyond merely appealing to the rank and file.

To help modernize some of Britain's out-moded factories the government is spending

£2,000,000 (\$8,000,000) on capital investment this year.

CIRCULATE NEW IDEAS

Government publications are issued to thousands of factories suggesting new production methods and novel ideas. Joint management-workers production committees have been set up and there are frequent union groups.

Recently the government announced a United States industrial efficiency team was coming to make suggestions. This caused a ripple of resentment in some labor and management quarters, but the general opinion expressed by the T.U.C. at Margate was "if they can tell us anything we'll accept it."

The government frequently reports direct to the workers, as Sir Stafford Cripps, Chancellor of the Exchequer, did at the Margate convention. He told delegates more production was the only road out of the economic jungle, that it would keep prices down, protect the value of real wages and bring home needed dollars.

But he said he would rather see introduction of new machinery and new methods than longer hours of work. This statement was considered significant following the address of retiring T.U.C. president Miss Florence Hancock, who had declared constant exhortation of the workers to work harder and longer without consideration of other factors caused "irritation" in the rank and file.

Under the unprecedented production drive goods are pouring out as never before. The production index stood at a monthly average of 120 for the first six months of this year compared with 108 for all of 1947 and 100 for the whole of 1946.

UNESCO IN SCHOOLS—Eric W. Morse, national secretary of the United Nations Association of Canada, uses a globe to tell Hon. W. T. Straith, provincial Minister of Education, of the world-wide work of the group during a conference Wednesday. Mr. Morse, touring the country visiting the association's 27 branches, discussed with Mr. Straith a plan to include greater study of the United Nations in present social studies courses.

Queen Elizabeth Suffers Influenza

LONDON (Reuter) — Queen Elizabeth today canceled her engagements because of an attack of influenza, it is announced at Buckingham Palace. She is remaining in her rooms at the palace for the present.

Sir John Weir, the King's physician, saw the Queen at the palace this morning.

Expanding Credit Union Movement Celebrates 100 Years Of Growth

October 21, 1948, marked the 100th anniversary of the credit union movement. From a humble beginning amongst a group of farmers during the hungry forties of the last century in Germany it has spread throughout the world.

In the year 1900 the first credit union in Canada was formed by Alphonse Desjardins at Levis, Que. In 1908 Desjardins was called on to set up the first credit union in the United States.

At the present time there are more than 12,000 credit unions with assets in excess of \$600,000,000 serving 5,000,000 people in North America alone. Canada itself, as of Dec. 31, 1947, had 2,540 credit unions with assets of \$220,000,000 and 775,129 members.

British Columbia was the last province to obtain a credit union act, which was passed by the Legislature in 1938. After 10 years of growth there are 184 chartered groups with \$6,000,000 in assets, serving 40,000 members here.

CO-OPERATIVE MANNER

Credit unions are operated in a truly co-operative manner. They have averaged a 3 per cent return on savings and at the same time have kept interest rates on loans competitive. They are organized with a common bond—either the members' work, where they live, their race or their religion.

There are certain other very fine services available through membership in credit unions.

One highly popular feature is the insurance on all loans granted up to \$10,000 per individual, thus assuring that all debts due to the organization die with the debtor. Another is the covering by insurance of all savings up to \$1,000 per individual. Should a member die with savings of \$1 to \$1,000 this money is doubled for his or her beneficiaries. The premium cost for this insurance is paid by the organization out of earned income—the interest paid by its borrowers.

A central credit union, owned and controlled by the credit unions, and by co-operative members takes care of any surplus funds in credit unions, paying 2 per cent interest on their deposits. At the same time it lends funds to them at rate of 4½ per cent.

At the present time it acts in a similar manner as a bank in some areas. Credit unions and co-operatives are depositing all their funds direct and writing cheques on the central for their business transactions.

Another very worthwhile service available to members of credit unions is a very complete medical surgical plan. This plan gives up to \$1,400 per year coverage on sickness or accidents on an individual or family basis. Combined with the present provincial government hospitalization program, a most adequate protection is available.

Every month the B.C. Credit Unionist, published at league headquarters in Vancouver, goes out to members.

In Germany, credit unions liquidated by Hitler, are struggling to function again.

ANNOUNCEMENTS

A colored film, "England Today," is to be shown on Monday, Nov. 8, at 8 p.m. in the Memorial Hall, 912 Vancouver Street. Sponsored by the Chi Rho Fellowship. Entire collection for Food for Britain. Also first showing of a full colored film of the scenic beauties of the South Island of New Zealand.

U.B.C. Dean Heads Nanaimo Board

Dean F. M. Clement of the University of B.C. agriculture faculty, has been chosen chairman of the conciliation board which will attempt to find terms for settlement of a dispute between the Imperial City Cleaners and Dyers, Nanaimo, and the Nanaimo Dry Cleaning and Laundry Workers' Union, Local 1.

Announcing the appointment of the chairman, the Labor Relations Board reported that K. D. Alexander of Nanaimo and Dan Radford of Vancouver had been named members.

Appointment of the board follows the failure of the parties to agree on union security, addition of May 1 to the list of statutory holidays with pay, vacation with pay, reduction in the work week, extension of rest periods and provisions concerning wage increases and the inclusion of wage scale for driver-salesmen during the negotiation of a new collective agreement.

Involved in the dispute are 50 employees.

Japan Guilty Of Aggressive War Against Allied Powers

TOKYO (AP)—Japan today was convicted of waging aggressive wars against China, Russia, Britain, the United States and other western powers.

The conviction by the International Military Tribunal for the Far East came in the long trial of former Premier Hideki Tojo and 24 co-defendants of war crimes charges.

The court narrowed down the issue to these questions: Was Japan guilty of waging aggressive war in violation of international treaties? Were the 25 defendants responsible for making and carrying out these policies? Were the defendants responsible for crimes against humanity and violations of the laws of war?

Militarists and their supporters, the court held, seized control of Japan's government. They, the tribunal found, provoked war through the Manchurian conquest of 1931 and the full-scale war against China that began July 7, 1937.

The court found Japan began

preparations for war against China, Russia, Britain, the United States and other western powers in the early 1930's.

The Japanese army was blamed for fomenting the "Mukden incident" in 1931. The war with China, it said, was a direct result of the foreign policy adopted in 1936 when the defendant Koki Hirota was Premier.

Hour after hour Sir William Webb of Australia, president of the tribunal, read the judgment, which runs 1,575 pages. It may be 10 days before the last defendant knows his fate.

The demeanor of the defendants was a study in contrasts. Tojo drummed his fingers on the bench in front of him, doodled on a scratch pad and gazed occasionally at the ceiling.

Hiroshi Oshima, former sabre-rattling Ambassador to Germany, wore his usual sardonic smile. Marquis Koichi Kido, once the empire's top civilian, looked like a mischievous schoolboy.

Manitoba Premier To Resign, Enter Dominion Cabinet

HON. S. S. GARSON

WINNIPEG (CP)—Premier Stuart Garson is expected to inform his supporters in the Manitoba government tomorrow that he intends to resign as provincial government leader to accept a post in the federal cabinet.

This was reported today by political observers with an announcement that the Premier had called a caucus of all supporters of the Coalition government for tomorrow.

Private members were not informed of the purpose of the meeting, but were told it was important that they attend.

No word has come from Ottawa yet concerning entry of Mr. Garson into the federal field, but rumors have been widespread ever since the Liberal National Convention. The justice portfolio is the one believed earmarked for the Premier.

Reports in Manitoba are that Mr. Garson will likely seek to represent Marquette, Man., in the Commons should he accept a federal post. The seat at present is held by J. Allison Glen, formerly Minister of Mines and Resources. Mr. Glen, who resigned his portfolio because of ill-health, is expected to step out of Commons to make room for the Manitoba Premier.

Manitoban Guilty Of Murdering Son

WINNIPEG (CP)—Convicted of the murder of his son, George Hrynuk, 69-year-old Vita, Man., farmer, was sentenced Wednesday night to be hanged at the Headingley Jail Jan. 21.

An Assize Court jury deliberated for almost four hours before returning the verdict of guilty. It was combined with a strong recommendation for mercy, which will be forwarded to the Department of Justice with the transcript of evidence and report of Mr. Justice P. J. Montague, who sentenced Hrynuk.

The convicted man merely nodded without changing his expression when a court interpreter translated the verdict to him.

Judge Cory, Manitoba, Dies While Hunting

WINNIPEG (CP)—John G. Cory, 73, county court judge here since 1924, died Wednesday while on a hunting trip.

The first white boy born in Gladstone, Man., he was the son of the late Mr. and Mrs. Thomas Cory, who became the town's first white settlers in 1871.

Judge Cory graduated from the University of Manitoba in 1898, was called to the bar in 1901 and appointed to the bench in 1924.

He was a brother of the late W. W. Cory, one-time deputy minister of the interior. Surviving him are his wife and a sister, Mrs. H. G. Pearson of Atlanta, Ga.

Britons Win Nobel Prizes For Literature, Physics

STOCKHOLM (AP)—T. S. Eliot, British poet and dramatist, today won the 1948 Nobel Prize for Literature. A Briton won the physics prize, while the award for chemistry went to a Swedish scientist.

Patrick M. S. Blackett, nuclear physicist from Manchester University, won the physics award for his development of the Wilson method of studying the courses of radioactive particles and his discoveries in cosmic radiation.

Professor Arne Tiselius, Swedish biochemist, won the chemistry prize for his development of two methods for biochemical studies of proteins, enzymes and other substances.

A week ago Dr. Paul Mueller of Switzerland was adjudged the winner of the prize in medicine for his development of insect-killing DDT.

\$44,000 TO EACH

The prizes are worth the equivalent of \$44,000 each.

The Nobel Peace Prize winner, still to be selected, will be chosen by a committee appointed by the Norwegian parliament.

World Fliers Land With Little Gas

SHEMYA, Alaska (AP)—"The most unusual thing about the flight was that we arrived," said Mrs. Richard Morrow-Tait, British round-the-world flier, upon landing here Wednesday after a punishing and perilous 1,778-mile flight from northern Japan.

Buffeted by storms, the single-engine craft carrying the pretty British matron and her navigator staggered into Shemya late Wednesday with an inoperative radio and five gallons of gas.

They were to have been escorted by a B-17, but nine hours out of Chitose, Japan, bad weather knocked out their radio, and the tiny ship lost contact with the bomber. Fears were felt for their safety for a time.

After making repairs, Mrs. Morrow-Tait and navigator Michael Townsend plan to take off within a day or two for a more leisurely hop up the Aleutian chain. They plan to fly across Canada, and weather

Weather

Weather synopsis and official forecast issued at 9 a.m. Thursday, Nov. 4, by the Dominion, public weather office at Vancouver, valid until midnight, Friday, Nov. 5:

Synopsis—A rapidly moving storm has brought rain and strong winds to the northern and central coast this morning. Showery weather is expected to be general over the greater part of the province by this evening as the storm passes inland. Continued unsettled weather is expected over the interior of the province Friday while some clearing is expected along the coast.

Vancouver and vicinity, lower Fraser Valley—Cloudy becoming overcast by afternoon with intermittent rain commencing during the afternoon. Overcast with showers tonight and Friday morning becoming cloudy Friday afternoon clearing Friday evening. Light winds increasing to easterly 15 this afternoon and shifting to westerly 20 Friday morning. Milder tonight with low overnight and high Friday at Vancouver 40 and 47, Abbotsford 38 and 48.

Victoria and vicinity—Cloudy becoming overcast by midday with intermittent rain commencing by late afternoon. Overcast with showers tonight and Friday morning becoming cloudy Friday afternoon and clear by evening. Light winds becoming northeasterly 15 this afternoon. Southwest 30 Friday. Milder tonight. Low overnight and high Friday at Victoria 44 and 48.

West coast Vancouver Island—Overcast with rain this morning becoming showery during the afternoon. Cloudy with scattered showers Friday clearing by evening. Winds southeasterly 25 shifting to southwest 25 during the afternoon and becoming northeasterly 20 by Friday afternoon. Milder tonight with low overnight and high Friday at Estevan Point 40 and 48.

Eliot, whose work strongly influenced the literature of the last two decades, was chosen by the Swedish Academy of Literature; Tiselius and Blackett by the Swedish Academy of Science. The awards will be made formally here Dec. 10. They are given under the will of Alfred B. Nobel, Swedish industrialist who died in 1896.

Tiselius, the chemistry winner, developed techniques valued in the fields of medicine, biology and industrial research.

The 46-year-old biochemist, a member of the faculty of Sweden's Uppsala University, won the award for his methods of electrophoresis and absorption analysis, which are used to identify and in some cases to purify the most important proteins in the mixtures supplied by nature.

Blackett was the ninth Briton to win the physics prize since the awards began in 1901.

The citation said Blackett qualified for this year's physics prize by his development of the Wilson method and discoveries in nuclear physics about cosmic radiation.

permitting across the north Atlantic back to England. The 24-year-old British flier is a former artist's model and the mother of an 18-month-old baby girl.

Truman-Barkley Team Oldest Yet

WASHINGTON (AP)—By outunning Republican rivals 31 years younger, the Truman-Barkley team has become the oldest presidential sweepstakes victors in United States history.

At 71, Alben W. Barkley will be the oldest Vice-President, while 64-year-old Harry S. Truman is the third oldest man elected Chief Executive—right behind William Henry Harrison, 68, and James Buchanan, 65.

The Democratic triumph also marks the first time two former Senate colleagues teamed up to win the Presidential race.

Col. K. A. McLennan Dies

Col. Kenneth Adam McLennan, Vancouver business man, shipping director and a former commanding officer of the Irish Fusiliers, who died in Vancouver last week, had been a frequent visitor to this city. His widow was the former Sadie Craig of Victoria.

Besides having association with such firms as Pacific Drydock Co. Ltd., and Terminal Dock and Warehouse Co., Col. McLennan was president of K. A. McLennan Co. Ltd., Vancouver.

Indonesians Execute Second Communist

BATAVIA, Java (AP)—Antara, the Indonesian news agency, reported from Jogjakarta today that Alimin, one of the top Communists in Indonesia, was executed Nov. 2.

Alimin, leader of the Communist Party in Indonesia before Musso returned last August from Moscow, was arrested recently while attempting to escape from Delanggu.

Wallgren Concedes Victory To Langlie

OLYMPIA, Wash. (AP)—Governor Mon C. Wallgren, close friend of President Truman, conceded the election of his Republican opponent, Arthur B. Langlie, Friday.

Reached at the executive mansion at 9:30 a.m., the governor was given the latest returns showing Langlie ahead by 23,128 votes.

"Well, I'm ready to concede," he told the Associated Press. Thus the 57-year-old governor acknowledged political defeat for the first time since he made his initial bid for public office 16 years ago.

Four Trade Officials To Visit Saturday

Four Canadian assistant trade commissioners, now touring Canada prior to postings abroad, will visit Victoria on Saturday.

They are William Ross Van, who is going to Bogota, Colombia; Howard Edward Campbell, William Douglas Wallace and Thomas Murdock Burns. The provincial trade and industry department which is in charge of local arrangements for their visit has arranged for them to meet Trade and Industry Minister L. H. Eyres and to tour the plant of Felt and Textiles of Canada Ltd., here.

FIRST AID FOR BABY'S FIRST SNIFGLE

A step in time often saves nine. So be wise, and take this simple precaution at baby's first sneeze or sniffle. Give Baby's Own Tablets to clear little bowels of irritating waste materials that make baby fretful, feverish and discourage the rest so needed to keep up strength. Designed especially for baby's delicate system, Baby's Own Tablets have a laxative action that is gentle, yet speedy and the relief they bring goes a long way toward giving baby comfort while nature works to cure the cold. Sweet-tasting, easily crushed to a powder if desired, Baby's Own Tablets have been used by mothers for over half a century. Get a package today. Only 25¢.

Labor May Not Get All-It Expects Of Truman's Victory

WASHINGTON (AP)—Whatever the fate of a Taft-Hartley Act repeal drive in Congress, there appears little prospect of a flat return to the New Deal Wagner labor law.

Union leaders claiming—and receiving—credit for a major share in President Truman's upset election victory may not be completely happy over the final result.

For one thing, there is the real question of whether the new Democratic Congress will be in a mood to wipe out the Taft-Hartley Act.

For another it seems likely that Mr. Truman—despite his and the Democratic platform's pledge for outright repeal—will want some legal weapons for dealing with special labor-management fights, such as those that affect the public welfare.

NON-PUNITIVE CLAUSES
Thus, while the President is

certain to ask for repeal, he may accompany that request or follow it with another for less sweeping, and what he has described as non-punitive, measures for dealing with certain labor situations.

The President on several occasions has made use of the strike-banning court injunction powers in the Taft-Hartley Act. The most notable ones were against John L. Lewis and his United Mine Workers.

In order to get rid of some parts of the Taft-Hartley Act which they particularly dislike, labor leaders conceivably might be willing to accept certain other sections—particularly if it looked as if Congress would balk at outright repeal. That could lead to a compromise between Mr. Truman, Congress leaders and the union chiefs who helped return him to the White House.

'Soldier's Will' Upheld By Court

LONDON (CP)—The Court of Appeal today upheld the validity of a British airman's "soldier's will," which was written shortly before he died in a training crash in Saskatchewan during the war.

The court dismissed a motion for probate of another will of P.O. Roy Wingham, R.A.F.V.R., after the appellants had suggested the will was invalid under the Wills Act of 1837, which granted special privileges to those on active service.

THE WRONG OUTLOOK

ONE NEED NOT LOOK FAR TO FIND a cause for the pessimism with which some Canadians, according to Mr. E. W. Morse, national secretary of the United Nations Association of Canada, view the global organization. The hopes with which the U.N. was launched at San Francisco have not yet been fulfilled. The reign of peace, the achievement of "one world," the universal co-operation that was promised, have not been realized. In recent sessions, indeed, the United Nations appears to have contributed to international cleavage in that it has provided a place for the outpouring of propaganda and ill-will destined further to estrange the East and the West. Such a spectacle cannot fail to induce pessimism in many Canadian observers.

Yet the opinion of the United Nations that may be gained from a casual perusal of the daily headlines does not take into account the many tangible and very important accomplishments with which we must credit this great organization. There have been very definite achievements in a score of phases of U.N. work which do not gain the prominence of the ideological battles that engage the Security Council. International co-operation of a high order has been experienced in the fields represented by numerous committees and sub-committees of the main group—human welfare, child assistance, aid to refugees, education, nutrition, agriculture, trade, banking, labor, finance, cultural pursuits, and a host of others. In the great problem of world peace, too, the U.N. has made progress even though it has not achieved permanent success. But it must be remembered that the United Nations is not a separate entity, with a life apart from that of its member states. It can only be as strong as they are; it can only be as effective as they make it; it can only fail if they fail.

One of the crowning glories of the global body is that it exists at all. Its very presence makes evident the fact that the nations of the world—the common people of all countries—want peace and are willing to meet together to try to achieve it. That the opportunity has been prostituted by some does not destroy the central ideal. That some nations have broken faith does not negate the fact that a group effort unprecedented in the history of the earth has been exerted for peace and security and that it is still being carried on. These are the salient features to be seen in the United Nations. And nowhere in them can be found a sound reason for pessimism.

THE RED FACES

APART FROM THE UNDISPUTED FACT that Mr. Truman's impressive personal and political victory on Tuesday will go down in presidential election history as without parallel in its element of surprise, it obviously has already dawned upon the great bulk of the people in the neighboring Republic how little reliance can be placed on the much-advertised "scientific" surveys of public opinion.

One of the Columbia Broadcasting Corporation's ablest commentators—himself fooled by the result—intimated yesterday that Dr. George Gallup was still figuratively in a daze and wondering what went wrong. Perhaps he ought to conduct another of his "scientific" polls in an endeavor to find out why his and other similar systems strayed so wide of the mark. And what about several of the great national newspapers, weekly periodicals, and news-magazines whose editorial and other pages had literally dripped assurances that Governor Dewey and his Republicans had victory "in the bag?"

To our desk this morning, for example, came the Oct. 29 issue of one of the most meticulously edited newsmagazines now in production, with its editorial offices in Washington, D.C. It devotes more than a page of its customary two-page "News-gram" to a series of speculations on what Mr. Dewey will—not "would"—do after the Electoral College vote has gone "heavily on the Dewey-Warren side," how "Dewey as President . . . is going to be forced to deal with Congress that inclines to independence," how the "country will continue to drift between Nov. 3 and Jan. 20," how "Truman, as President, will be getting set to leave office," how "Dewey during this time will remain on the outside looking in," and how, finally, "Dewey himself is thinking of a study trip abroad (as) he isn't acquainted with Europe."

Several pages of the issue of the excellent newsmagazine from which we have extracted the foregoing are given over to the discussion of domestic and external policy on the unblinking assumption that Mr. Truman and his regime would be defeated on Nov. 2. Indeed, exceedingly well-informed, widely-read and prolific editorialist David Lawrence used up no fewer than four pages in a leading article in the same issue, first to argue that Mr. Truman "should be winning the campaign," and second, to explain why "he isn't." And at the end of his 2,000-word effusion Mr. Lawrence comes to the conclusion that "Mr. Truman has been a politician and not a political leader."

All that remains to be said, of course, is that one man laughed at all the pollsters—"scientific" and otherwise—and made up his mind what he intended to tell the

people, what he intended to do if re-elected, and then refused to be side-tracked. That man is still the President of the United States, now in his own right, and the faces of some of his cabinet colleagues may have been red yesterday. Harry Truman had what it takes. Meanwhile, the "experts" have had taken away from them even that which they seemeth to have had.

BUILT ON CONFIDENCE

IN COMPARISON TO THE MAGNITUDE of other British Columbia Electric Railway Company Ltd. developments which have received wide publicity in recent days, the opening this week of the company's \$300,000 bus servicing garage at Garbally Road represents the achievement of a relatively minor, though important, project. It is nevertheless, part and parcel of the overall expansion of the B.C. Electric's program to meet the needs of a province which is increasing its industrial potential in a manner to command the respect of all citizens interested in the growth of the far west.

The service depot was suitably praised by those who inspected it at the opening. Its position in relation to the transportation service afforded this community was adequately explained. But more significant than this physical acquisition to the system was the message presented by the company president and endorsed by other speakers at the formal opening. The B.C. Electric has been highly successful in raising millions of dollars in the world's financial markets for development in this province. That development has gone to provide power and required amenities to supply growing industry. Both the new businesses that have been attracted here and the capital which has been invested reflect the confidence reposed in the company and the territory it serves. That confidence is supported by the high degree of co-operation which has been manifest between the public, through its elected representatives, and the company.

While that spirit is maintained, industry can acquire the funds for wider expansion, the life-blood of development is pumped steadily through the arteries of British Columbia's productive machinery.

Should confidence be shaken by the uncertainty of relationships between such concerns as the B.C. Electric and the public, represented by its municipal councils and governments, the spring of investment could dry up. Without money private enterprise could not maintain that initiative it has shown in building for present and future needs. Surely the moral is apparent.

DRAGGING THEIR ANCHOR

IT IS NOT MANY WEEKS SINCE THE Port of London was tied up with a strike of dock workers, necessitating the use of soldiers to unload badly needed food supplies from the idle ships. That major walk-out was a wildcat strike; it was not endorsed by the union leaders, and the terrific losses involved arose from a dispute about the dismissal of less than a dozen workers over a matter that could easily have been ironed out in conference. Now we read of another strike on the London waterfront, with about 500 workers refusing to handle food ships loaded with cheese, bacon, fruit and other goods—all top priority imports for Britain's closely rationed people. The reason given for the strike—and it is hard to believe it in this day and age—is "the introduction of a stacking machine to speed up the work."

The early report on the incident did not specify whether or not the union was giving official support to the move. It is not likely that it would do so. But the attitude of mind betrayed by the strikers is such as to make one wonder what century they think they are living in. If the future greatness of Britain depends on men who still try to fight the use of machinery that will handle more goods and increase the general prosperity and well-being, who are so steeped in backwardness and ignorance that they cannot see their own continued existence is based on the rapid utilization of every mechanical aid that can be put on the job, then that future is dim indeed.

Technological advance is of little use if labor refuses to employ its advantages. Where would Canada or the United States be today in an economic sense if North American farm workers had refused to use harvesting machinery on the grounds that it would put hand reapers out of work? How would our great docks function if every item of cargo had to be moved by hand, because machinery used fewer men? The thousands of jobs for men employed in making that machinery would not exist. The London strikers might well consider the possibility that they, or their sons, might be earning twice their present pay if they encouraged the use of stacking machines and then got jobs operating or manufacturing them. By taking the stand they have—unless they change—they are doomed to go the way of all forces that try to oppose the inevitable march of technical progress. They may delay it slightly, but they must ultimately succumb.

OUT FROM UNDER

THE ADVICE TO "DO AS I SAY, NOT as I do," was not received by the Chinese Cabinet with any great enthusiasm when it was offered by Premier Wong Wen-hao. Although the leader exhorted his colleagues to remain in office despite the fact he was resigning, the example proved stronger than the verbal persuasion. The Cabinet resigned in a body. The news item did not state whether the collective action was taken in a spirit of remorse over the situation that has arisen in our trans-Pacific neighbor. But it might conceivably have been done with the intention of not being around when the blame for existing conditions is determined.

One atomic bomb could destroy a forest and kill little towns, as cut-and-skip loggers do.

Refugee Topographer

By JOSEPH and STEWART ALSOP

A REMARKABLY interesting project has been proposed and studied at a high level in the United States State Department. This project is to create and support an "Institute of Russian Studies." The personnel of this organization would be carefully selected from the tens of thousands who have escaped from the Soviet Union—high army officers, scientists, civil servants, Communist party officials, specialists and intellectuals of all kinds.

The proposal has been seriously considered. Yet it nearly died in the pre-election doldrums—it is no doubt too dangerously unorthodox an idea for official Washington in an election year. But one reason why serious interest might be taken in the proposal is suggested by the story of the Soviet topographer.

HE WAS THE CHIEF Soviet map specialist in Moscow before the war. After the war, he was ordered to the Soviet zone of Germany. Soon after he arrived, he risked his life to escape to the American zone.

No doubt he assumed that freedom, and a chance to do his work unmolested, lay with the Americans. But for more than two years, the topographer has languished in a small town in the American zone of Germany, living from hand to mouth with a few other escaped Russians.

Some of his essential needs have been cared for by an American refugee organization, the International Rescue and Relief Committee. But otherwise, his existence has been totally disregarded by the Americans, including the American intelligence services.

WHAT GIVES the dreary experience of the Soviet topographer a disturbing meaning is the following series of facts. In the last war, with mass bombing by thousands of tons of bombs, a wide margin of bombing error could be tolerated. But in any future war, the American strategic advantage will rest very largely on the ability to drop very few bombs—atomic bombs—on each target. For this the greatest possible accuracy is clearly essential. Yet the alarming fact is that the United States now has no maps of the Soviet Union sufficiently dependable for accurate bombing by radar.

The implications are clear enough. Under the circumstances, it seems incredible that a man who was the Soviet Union's top map expert should have been totally disregarded. But the fact is that his experience is wholly typical.

NO ONE KNOWS just how many Soviet citizens have fled from the harsh grip of the Soviet system since the war. Estimates range up to 100,000. To these must be added at least 150,000 Russians who were taken to Germany as slave laborers or for other purposes during the war, and have since successfully earned repatriation to the Socialist paradise.

Many of these people are, of course, unlettered peasants. But a very high proportion are army officers, up to the rank of lieutenant-general; scientists, including physicists and mineralogists; Communist party bosses and secret police officials; and writers and intellectuals who found the drab, brutally enforced conformity of Soviet life unendurable.

THE TIGHT CONTROL over all aspects of life in the Soviet Union makes it a far more difficult intelligence objective than Nazi Germany even at the height of the war, according to experienced intelligence men. Yet these tens of thousands of Soviet citizens outside the Soviet Union constitute a gold mine of information. And the fact is that the gold mine has hardly been worked at all. Some few escaped Soviet or satellite military men and a few specialists have been interrogated. But they are the exceptions. The neglected topographer is the rule.

This is not really the fault of the intelligence services. To locate the informed men among the scattered masses of escaped Russians, to screen out the M.V.D. agents, to interrogate the specialists, and to compile the resulting information is a job which the intelligence services are simply not equipped to do.

YET IT IS CERTAINLY a job worth doing. The best way to do it, according to those who have studied the matter, including the State Department planners, is to establish, in the United States, the proposed "Institute of Russian Studies," rather than to attempt a futile piecemeal interrogation. Vital strategic information would be an important by-product of such a project. But more important would be the insight into the ponderous, mysterious functionings of the Soviet state which would then become available to the makers of foreign policy. American policy toward the Soviet Union could then be based on fact, rather than on intelligent guesswork.

Copyright, 1948, New York Herald Tribune Inc.

Quoting

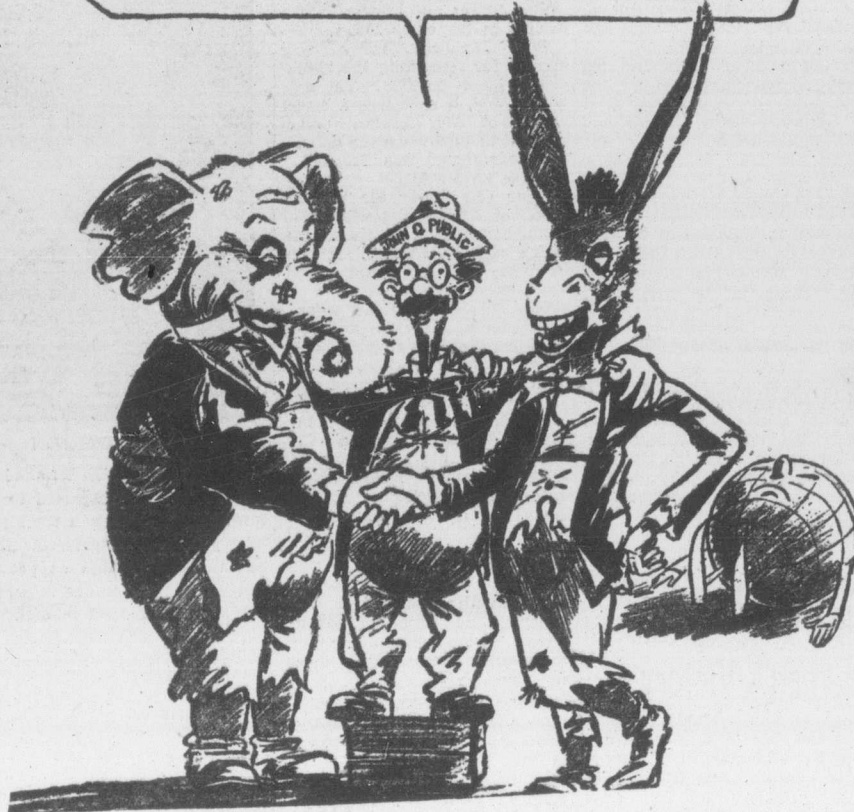

The Berlin crisis can serve a useful historical purpose if it becomes the means of finally putting some sense into the heads of the Russian leaders.—Rep. C. A. Eaton (R) of New Jersey.

We've got to defeat Communism and now is the time to do it. America cannot and must not fail this first real test of her position in European affairs.—Gen. Lucius D. Clay, American military commander in Germany.

There are too many forces, too many cultures, too many civilizations in the world to allow for domination by any one ideology—economic, political, or religious.—Trygve Lie, secretary-general of the U.N.

After The Brawl

NOW LET'S GET THIS OLD WORLD BACK ON ITS FEET!

Noise Is A Hazard

From Industrial Health Bulletin

communication between neighboring workers.

HERE IS a wealth of medical data in support of the statement that continued exposure to noise is a "contributing factor in impaired hearing, chronic fatigue, and decreased working and mental efficiency." In industry, excessive noise must be considered as much an occupational hazard as harmful gases, dusts and other toxic substances. Like any other occupational hazard, it is both a cost to industry and a detriment to employees' health.

PHYSICAL DRAIN

The fact that the ill effects of noise are not consciously recognized does not alter their action as a constant drain on nervous and physical energy.

Noise is made up of many sounds, each having a certain frequency and intensity. The many sounds of different frequencies or pitches give noise its harsh quality, while the combined intensities of the various sounds produce the over-all intensity of the noise. The "loudness" with which we hear a noise is a measure of its intensity.

In many cases the annoyance and distraction caused by noise is chiefly due to its loudness. In particular, well-being and efficiency may be seriously undermined in factories where the noise levels prevent ready com-

when noises, spreading from sources located at a distance from the hearer, predominate over noises in his immediate vicinity.

For instance, most people in a quiet room will be affected by even a low level noise in an adjacent room such as a typewriter. It is low compared with many industrial noises, but its noise level is relatively high compared to the quiet of one's own room. In these cases, a slight drop-off in noise from outside sources will often serve to submerge such noises below those in his own area.

These examples illustrate three main factors that should be considered in the control of industrial noises:

1. The existence of a high over-all noise level.
2. The presence of irritating components of a noise.
3. The spread of noise to adjacent areas.

BROAD BENEFITS

In many situations one of these factors may be more important and amenable to control than another. For this reason control measures which deal with the noise factors most readily eliminated or subdued will yield surprisingly broad benefits, even in cases that appear to be beyond any practical remedy.

An Ancient Custom Preserved

By STUART WYTON, in London Calling

PAINSWICK is a lovely little town of golden-brown, stone houses on a spur of the Cotswolds. For centuries, these hills have provided unrivalled pasture for sheep, and the wool from their backs used to be made into the famous, West-of-England cloth in over a score of cloth-mills along the fast-flowing, valley streams, when the industry was at the height of its prosperity.

WHICHEVER road one takes into Painswick, it leads to the parish church of St. Mary, and when I first saw this striking church with its graceful spire and its spacious churchyard, I wondered whether the clipping ceremony was connected with trimming the fine, ornamental yews which surround it, or with clipping those sturdy sheep on the hills.

But I found I was making the same mistake as many other visitors to Painswick. "Clipping" has nothing to do with yews or with sheep. It is derived from a Shakespearean word meaning to embrace, and this annual service is the occasion when the townspeople—and particularly the children—show their reverence and affection for their lovely parish church by "embracing" or "clipping" it.

The ceremony is probably of pagan or Roman origin, and has survived because, when our forefathers converted a town or village to Christianity, they often "Christianized" the local "feast," too—and "clipping" is a picturesque part of the Painswick Feast.

ANCIENT SOCIETY

On a Sunday afternoon last September, the bells were ringing as the procession formed at the lych-gate. These bells are worth mentioning, for three reasons: their unusual number—twelve; their fine quality; and for the delightful name given to the ringers—the Ancient Society of Painswick Youths—which was formed over 260 years ago.

The procession was headed by the local silver band, and then came the Processional Cross, borne by the captain of the ringers, the clergy and church wardens, choir, members of the mothers' union, and scholars. They slowly circled the church singing hymns, and, as they halted, the children, many of whom wore garlands of autumn flowers in their hair, dropped out to form a complete circle round the outside of the build-

ing. They joined hands and began to sing the "clipping" hymn:

"Daily, daily sing the praises of the City God hath made . . ."

At each refrain, the children moved to and fro in the September sunshine, rather as they do when singing "Nuts and May."

The climax of the service over, the congregation gathered at the northwest corner of the church, where the Vicar of Stonehouse, using the little flight of steps that leads to the entrance to the tower as a pulpit, gave an address on the origin and meaning of the custom to those assembled before him.

WITHOUT A BREAK

As the children went home, each received a bun—for them, a thoroughly satisfactory conclusion to a fascinating ceremony. This quaint survival has taken place every year for fifty-one years without a break.

The Long View

London (Ont.) Free Press

A generation ago teaching did not have the severe competition it has today; there were not so many other competitive ways of earning a living. The only young people going into teaching now are those with an inborn genius for teaching and a natural love for the task—and they are few.

The remedy is to raise teachers' salaries. Unless this is done we can expect to see the teacher shortage increase, standards fall, and our educational programs fall of their objective. In the long run it will be the community at large which will suffer.

(Editors Note: This column is presented as an indication of American reaction to major world events.)

By DeWITT MACKENZIE
Associated Press News Analyst

WHEN THE RESULT of the United States presidential election reached United Nations circles in Paris, A. A. Arutjunian, a Russian delegate who is also a member of the Soviet foreign affairs department, told American reporters the outcome "really makes little difference (abroad) because of your bi-partisan foreign policy."

It is recognition of the vital fact that the rival American political parties stand together when faced with a foreign crisis.

It is well that this truth be emphasized abroad lest there be misunderstanding among those who are on the alert to take advantage of any seeming weakness in American armor. It is well, too, that it be recognized by the many countries which are looking to the United States for leadership in the political life-and-death struggle with Communism.

Washington's policy regarding Communist aggression already has been defined under the Truman administration and the same regime is being continued. The broad principles under which the United States is proceeding are well known.

INTERNATIONAL PROBLEM

Naturally one would expect developments of policy to meet future emergencies. The defence against Communism is the greatest international problem with which the new American government will have to deal, and it hardly can be expected that this will be solved without resorting to new measures. However, we must assume that future strategy will be based on established principles.

We have seen, for example, the actual working of the policy of helping needy countries defend themselves against Red aggression. The Marshall Plan for European rehabilitation already is in full operation. United States military preparedness for emergencies is moving apace.

IN THE OPEN

These things are out in the open for all to see. So the whole world knows what President Truman's fundamental policies are and what trend he is likely to pursue in his new term.

The world knows too (or should know for its own good), that Americans stand together in emergencies, irrespective of politics.

DOCILE TOJO

Windsor Star
Japan's Tojo is reported to have become "most peaceful," as a result of his acceptance of Buddhist teachings. It seems, though, that those strong prison bars all around him should be credited with an assist.

CHEAPER

Montreal Gazette
There is no easy plan for making Russia back down. Its cost may well be nearly equal to the cost of war. It will then be cheaper only because it will not need a reckoning in the intangibles of tears and blood.

MINISTER'S PRIVILEGE

Edmonton Journal
One of the Labor Party's most appealing slogans has always been that under socialism special privilege will be cut down and greater equality will prevail. The British people are now finding out that while all men may be equal, some are more equal than others.

SAFER—AND DULLER

Montreal Star
Glory be, here is something else we do not have to be scared about any more! It says in the paper that it is quite as safe to leave food in an open can as it is to leave it anywhere—that is, if it is safe to leave food easily available anywhere, with prices as they are. If this is true—as we are sure it must be—away goes a cherished and fear-some tradition not so long ago firmly accepted by every housewife, that the sooner you got food out of a "tin can" the better chance you had of survival.

The lethal tin can may never have existed and we are rejoiced to hear that if it ever did it is no more. But a certain admixture of scarce adds a spice to food and its preparation. Mushrooms would not be half as good if some of them were not highly fatal.

**World's Diplomats Pleased
Truman Win To Avert Delay**

LONDON (Reuter)—Most im-
mediate reaction in diplomatic
quarters here to President Tru-

man's victory is the hope that
there will be no post-election de-
lays in carrying out the main
points of existing United States
foreign policy.

Real anxiety had existed in
Britain and throughout Europe
that the possible switch-over to
a new administration, entailing
the replacement of many key
men in foreign affairs, might
mean a holdup in the co-ordina-
tion of policy between the United
States and Western Europe when
continuity was urgently needed.

The Marshall Plan and an At-
lantic defence agreement linking
the United States, Canada
and the five European Western
Union powers are the two most
vital schemes in the co-ordination
of joint policy between Western
Europe and North America.

The fact that the personnel of
the Marshall Plan administration,
which already combines a Re-
publican administrator with a
Democrat ambassador-at-large,
will not now be subject to up-
heaval, raises hopes that Euro-
pean recovery will not be held up.

Europeans also hope that the
new Congress, with its swing
over to the Democrat side, will be
more favorable than its predeces-
sor to future estimates of U.S.
aid to Europe.

The assurances which State
Secretary Marshall gave to Bri-
tain and France last month in
Paris that the questions of an At-
lantic Union and of early supply
of means of defence to the West-
ern Union countries would be
raised in Congress at the earliest
opportunity will, observers here
expect, be implemented soon
after the new Congress assembles
in January.

Despite declarations of non-
interference in the internal af-
fairs of other countries made by
Republican spokesmen during the
election campaign, there is a
strong body of opinion in Britain,
especially among supporters of
the Labor government, which
feared that a Republican adminis-
tration would mean increased
economic pressure on Marshall
Plan countries.

Observers here feel that the
unexpected vitality of the Demo-
cratic Party will encourage those
forces throughout Europe who
hope for a middle-of-the-road so-
lution of their political problems.

**Recruits Sought For
Victoria Boys' Band**

Know any boys who want to
play in a band?

Charles Rowles, bandmaster of
the Victoria Boys' Band, still has
some openings for any lads who
want to join the organization,
and requests any who are in-
terested to get in touch with him
at E 9646.

It was announced today that
the annual meeting of the band
will be held Dec. 7 at 8 in the
evening in the committee room
of the City Hall. Appointment of
directors will be made at the
meeting.

At a general meeting on Tues-
day, Mrs. G. Gibbons stated that
plans have been completed to
hold a social on the fourth Thurs-
day of each month at the C.C.F.
Hall, Pandora Avenue. Plans
were laid for a concert to be held
during the first week in De-
cember.

Next general meeting will be
Nov. 10 at 8 in the evening at
the home of Mrs. W. Hitch, 1425
Bay Street.

Asthma Coughs Fought Easy Way

If you suffer from difficult breathing, coughing, wheezing, and can't sleep well because of Asthma or Bronchitis attacks, you owe it to yourself to try MENDACO. The very first dose of MENDACO starts working through your blood in 20 minutes, helping Nature loosen and remove the thick, sticky mucus which causes coughing, gasping, difficult breathing. This loosening action helps open up your bronchial tubes so you can breathe more freely; then you can sleep more restfully, gain vitality and begin to enjoy life. Get MENDACO from your druggist today. Money back unless quickly and completely satisfied.

Men! Want pep, vim normal vitality?

Thousands Regain Vigor, Easy Way
This feeling weak, peevish, worn-out, rundown, older than your years. Try a little "pepping up" with stimulating, invigorating, revitalizing, blood-regenerating Oxtrex. Especially advised for men, women of 40, 50 or 60. Come little, "New" get acquainted—use only 50c. Try Oxtrex Tonic Tablets to regain pep, vim, vitality and feel years younger, this very day. At all druggists.

Proposed Oak Bay Lighting Plan Would Quadruple Effectiveness

Tentative recommendation of a new Oak Bay lighting system which would approximately double the municipality's annual outlay, but quadruple lighting effectiveness, has been made by A. S. G. Musgrave, municipal engineer.

In a lengthy progress report to Oak Bay Council Wednesday evening, Mr. Musgrave outlined other schemes, but favored one. The scheme the engineer favored was based on one recently put into effect in Vancouver. Under it, the B.C. Electric would contract to cover all outlay and supply light from dusk to dawn at pre-arranged intensity for a fixed figure per light.

The company would then be responsible for all renewal of burnt-out lights, repairs to storm damage, extension of poles, and wires to new lights, supplying and maintaining all transformers, etc.

INCREASED LIGHTING

Mr. Musgrave said he had given the B.C. Electric a plan showing 146 new lights, increasing of all present 1,000-lumen lamps to 2,500 lumens, replacing all present radial wave reflectors with a modern type, and installing twenty-four 4,000-lumen lamps and twenty-three 600-lumen lamps.

"The electricity consumption should be about twice our present consumption and maintenance would also normally be about double, so we will have a good yardstick to decide whether or not it would be good business to adopt this new method," said the engineer.

Mr. Musgrave felt the scheme had distinct advantages, principally because a money by-law would not have to be put up. He also pointed out that Oak Bay could budget exactly for the year, as excessive storms or damage would not affect the municipality's payment.

The B.C. Electric would only undertake this scheme north of Oak Bay Avenue under the multiple system, he said, adding that the company was given alternative figures for south of the avenue, either leaving the lighting system series, and billing the municipality as before, or changing it to multiple and making the flat charge per light.

\$12,000 ANNUAL OUTLAY

"It is very approximately anticipated that our annual outlay would be about doubled, say \$12,000, instead of \$6,000, but the lighting should improve fourfold," he continued.

He told the council that full study of this scheme by the B.C. Electric would not be ready until about Nov. 12.

Another scheme was proposed by Northern Electric Co. engineers in Toronto, and called for extensive revision and considerable new equipment, which, Mr. Musgrave estimated, would cost the municipality as much as \$71,000.

However, he did not favor this, saying that "in view of other money by-laws being submitted to the people at the forthcoming elections, it would seem out of the question to add a \$71,000 lighting by-law plus a very high additional expense."

Veterans' Housing Scheme Again Sought In Oak Bay

New appeals to Oak Bay to take steps to draw up a veterans' housing scheme were made to the municipal council Wednesday evening.

In both cases, the appeals suggested use of the Willows Fairgrounds for the proposed housing scheme, but the council was forced to delay action on the appeals pending results of negotiations for purchase of the grounds.

One appeal came from the Canadian Legion which said its Victoria Zone Council has formed a committee to appear before Oak Bay Council to discuss the project.

The other appeal came from Mrs. Grace C. Scharf, 2106 Sutherland Road, who suggested that if the council wanted to purchase the fairgrounds for residential purposes, some of the property should be used to build low rental houses for veterans.

CRITICIZES MUNICIPALITY
She thought it was "to the utter disgrace of Oak Bay, one of the most prosperous municipalities in Canada," that there has not been a scheme for veterans' homes.

"It is just as easy to build attractive small houses that are an asset to any community as it is to build the ugly houses that have been built," she said.

"I could say a great deal more, but suffice it to say that all those precious boys who gave their all would far rather see something practical done than plaques and memorials, and so would their parents."

Plans Prepared For Unveiling Oak Bay War Memorial Nov. 11

Official program for the unveiling ceremony at the Oak Bay War Memorial on Remembrance Day has now been completed.

The service will start at 2.30 in the afternoon with a half-hour of selections by the band of the Canadian Scottish Regiment. At 3, Lieutenant-Governor Charles A. Banks will arrive at the Memorial Centre on Beach Drive in the Uplands Park.

An address by Reeve R. A. B. Wootton will be followed by a prayer and dedication of the monument by Archdeacon A. E. del. Nunn.

Following the unveiling of the monument by the Lieutenant-Governor, there will be a two-minute silence which will be ended by the lament "Flowers of the Forest," played by Pipe-Major A. Pollock of the Canadian Scottish Pipe Band.

After the hymn "O Valiant Hearts," there will be a prayer by Rev. W. W. McPherson, to be followed by the benediction. "Last Post" and "Reveille" will be sounded by Staff-Sgt. B. Drysdale, R.C.E.M.E., after which the audience will sing "O Canada" and "God Save The King."

There will then be laying of wreaths by the Lieutenant-Governor and Reeve Wootton, directly followed by official organizations and concluded by relatives and other private individuals.

Drafting By-law On House Numbers

Oak Bay Council Wednesday evening ordered drawing up a draft by-law which would enforce adequate display of house numbers.

The action arose out of an earlier complaint by Councillor George Murdoch that house numbers were not being properly displayed and that it was creating difficulties for the police and fire departments and other services in finding houses when required.

A suggestion that each householder be required to install electrically lighted numbers met with stiff opposition, led off by Councillor P. A. Moir who said he was entirely opposed to the idea. Investigation by A. S. G. Musgrave, municipal engineer, showed that such equipment would cost \$12 each to purchase and install.

Oak Bay Employees Seek New Contract

Oak Bay Council Wednesday evening was advised that the Oak Bay Municipal Employees' Association has given the council two months' notice to start collective bargaining on the revision and renewal of the present working agreement, which expires Jan. 1, 1949.

At the same time, the International Association of Fire Fighters gave notice of intention to enter into negotiations with the municipality for the purpose of amending the present working and wage agreement with the Oak Bay fire department.

Charges Business Operated In Uplands

When is a business not a business? That is the question Oak Bay's solicitors are going to try to solve for an irate resident who believes the residential sanctity of the Uplands is being violated.

The protesting resident told Oak Bay Council Wednesday evening that there was an apparent breach of the Uplands by-law pertaining to the operation of businesses within the Uplands.

In this case, he was charging a contracting firm with violating the by-law. "Not only does their address appear in the daily papers but also in the classified section of the October, 1948, issue of the B.C. Telephone Directory," he said.

The councillors were not sure whether the by-law had been breached or not and have turned to their solicitors for an opinion.

Fresh flowers on the waiting room tables of Piontino railroad station brought a British railway executive commendation to the stationmaster on his "artistic" touch.

Propose Registration Of South Africans

JOHANNESBURG (CP) — A proposal to register every person in the Union of South Africa, white or colored, male and female, adult and child, is under consideration by several state departments.

Initiators of the scheme are the Minister of Native Affairs, Dr. E. G. Jansen, and the Minister of the Interior, Dr. T. E. Dönges.

An ox at a cattle market at Tewkesbury, Gloucestershire weighed 2,752 pounds compared with the usual 1,900.

One taste of Libby's, and you'll know just how wonderful tomato juice can be—how rich in sun-ripened flavour and goodness. Libby's is made by an exclusive method which takes perfect, juicy-ripe tomatoes, fresh from the vine, and "Gently Presses" them to extract their richest, sweetest juice. And Libby's is rich in protective vitamins, too—an excellent dietary source of vitamins A and C which are needed for sound teeth, strong, straight bones and vigorous health. Youngsters—and grown-ups, too—need these vitamins every day. Stock up now, and pour Libby's often in your house. Keep a few tins in the refrigerator and encourage the children to help themselves whenever they're thirsty.

It takes more than kisses to keep a man happy! It takes brains. The sure way to turn a man into a fault-finding grouch is to feed him wrong. You must not only give him enough food but enough of the right kind of food.

One "protective" food a man needs every day is Kellogg's All-Bran. It does two important jobs to give him that lusty, driving energy he must have to succeed in life.

First, All-Bran is made only from the outer layers of the wheat grain.

That is the vital part so unusually rich in iron and other essential food elements he simply must have.

Second, All-Bran is guaranteed on a double-your-money-back basis to keep him regular naturally. And, if you want to enjoy living with him, one thing you must help your husband avoid is that "jumpy," irritable feeling constipation causes.

Let All-Bran help you. Serve it every day as a cereal with fruit, or in delicious bran muffins. Get some now. Clip this as a reminder.

800 Teachers Plan 21 Meetings During Convention Here

The techniques of various aspects of the learning process and the relation of education to the whole pattern of life will be the main topics of discussion among 800 public school teachers from all parts of Vancouver Island and the Powell River school district when they meet here in second annual convention for three days starting Nov. 11.

Twenty-one sectional meetings will be held when discussions will be led by experts from the school systems and the department of education. Where it is especially valuable, as in the primary and physical education fields, demonstrations will be given.

Several outstanding features of the convention in the field of general education include a special showing of Sir Laurence Olivier's "Hamlet." Also Dr. Franklin R. Zeran, dean of the School of Education at Oregon State College, will be heard. Another speaker to take part is Dr. Roy Daniels, head of the English department at U.B.C. Educational books will be displayed by 14 publishing houses. The convention will open at 4 in the afternoon of Nov. 11 with registrations at Victoria High School. Opening ceremonies will be held at 8 that evening. The showing of the film, "Hamlet" will take place the following day after which sectional meetings will be held. A banquet will be held at the Empress Hotel on the evening of Nov. 12.

On the final day, Saturday, Nov. 13, a business meeting will be held before the convention ends.

London's Transport Magnate, U.S.-Born Lord Ashfield, Dies

LONDON (Reuter)—Lord Ashfield, 74, who started work as a \$5-a-week office boy in Detroit and became chief of London's huge transport system at \$12,500 (\$50,000) a year, died here today.

As Albert Stanley he went to Detroit in 1886 when his parents emigrated from Britain.

At 14 he began work with the Detroit Tramway Company at \$5 a week. Within six years he was manager of the system, earning \$4,000 a year.

In 1907, when the company operating London's first underground railway was in difficulties, Stanley went to London for a year to advise. He never returned to the United States.

He was soon appointed general manager of the United Electric Railway, of which he was afterwards chairman.

After three years in the House of Commons as President of the Board of Trade during the First World War, he was raised to the peerage as Baron Ashfield in 1920.

He returned to his transport work and when, in 1933, London bus, tram and rail services were unified under the London Passenger Transport Board, Lord Ashfield became chairman.

He held the post until a year ago, when he resigned to become a member of the new State Transport Commission.

At one time he was director of 23 companies.

Airpark Question Before Saanich Council Tonight

Saanich Council will be officially notified at a special meeting tonight of the intention of Charles E. Hastings, 2470 Sinclair Road, to apply to the Supreme Court of British Columbia to quash the rezoning by-law to provide for an airpark on Gordon Head acres on next Tuesday.

John C. McIntosh is acting as counsel for Mr. Hastings, who is contesting the rezoning scheme as an individual member of Ward 3 Saanich Ratepayers Association. Mr. Hastings says it is impossible for an association to contest the by-law and that it was up to a single ratepayer to start proceedings.

If Saanich Council repeals the by-law before the morning of Nov. 9 the court application cannot be persisted.

Pro-airpark members have four days after Mr. McIntosh makes his application, to present their case.

This meeting is scheduled to start at 9. Other items on the agenda includes the ratification of the \$370,000 money by-law to be put to the people at the December election to improve the water supply for about 8,000 homes in the municipality.

Health committee will sit at 7.30, the water committee at 8.

Frances Ruxton Wed In Duncan Service

St. John's Church at Duncan was the setting for the quiet wedding ceremony Saturday evening when Rev. H. T. Archbold united in marriage, Frances Ruxton, younger daughter of Dr. and Mrs. Frank Abbott, Toronto, and Otto Karl Ring, eldest son of Mr. and Mrs. J. Ring, Duncan. Mrs. S. Hoskins played traditional wedding music.

In the absence of the bride's parents, F. J. R. Garland, a close family friend, gave her in marriage.

Her smartly styled grey suit was complemented with small hat and pink veil, matching pink accessories and corsage bouquet of pink roses.

As the sole attendant, Miss B. Garland, wore a distinguished silver grey ensemble with hat and accessories en suite. Leonard Ring, brother of the groom, attended him as best man.

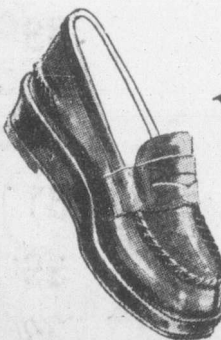

Following the service, a reception for immediate relatives and friends was held at the home of the groom's parents, where Mrs. J. Ring received guests with the newlyweds. Her gown was of brown silk crepe, and she wore a corsage bouquet of bronze chrysanthemums.

Carnations and chrysanthemums, carrying out a pink motif, decorated rooms. A three-tier wedding cake centred the bride's table. Among the wedding presents displayed was a dinner set, gift to the couple from the Duncan staff of the Vancouver Island Coach Lines, where the groom is employed as dispatcher.

Above—Rear-Admiral H. G. DeWolf, C.B.E., D.S.O., D.S.C., R.C.N., on tour of Red Cross House, new headquarters of the city's Red Cross Society, is shown pictures of naval personnel as Red Cross blood donors. Corps members in the picture are, left to right, Miss Pearl Shea and Mrs. Edith Burnfield. Below—Mrs. W. Orson Banfield, wife of the provincial president, Red Cross Society; Mrs. J. M. Mawer, British Columbia representative, Central Red Cross Council, and Mrs. J. Hobart Molson, vice-president, Victoria Red Cross Society executive. Members of the Red Cross Corps who acted as serviteurs were, left to right, Miss Muriel Forrester and Mrs. Charlotte Dayton.

Members Of Red Cross Corps Honored For War Services

Badges for war services were presented to 94 members of the Victoria Detachment, Canadian Red Cross Corps, in a special ceremony at the new Red Cross headquarters, Wednesday evening.

Col. J. Q. Gillan, president, Victoria Branch, Red Cross Society, was chairman for the occasion and introduced Mrs. J. M. Mawer, British Columbia representative, central council of the Red Cross and provincial corp commandant during the war years, who spoke briefly and then introduced Mrs. L. de Satge, provincial director of home nursing, loan cupboard and first aid, who gave the main address.

Mrs. de Satge headed the volunteer corps in Victoria during the war.

W. Orson Banfield, president, British Columbia Division, Red Cross Society, presented the badges and the first corp member called was Mrs. Allan Morkill, O.B.E., who was first com-

mandant of the Red Cross corps in British Columbia.

Miss Norma Hocking, present commandant of the Victoria detachment then was presented and received her badge.

BADGES RECEIVED

Other corps members honored were Miss Muriel Aylard, Miss Moya Bailey, Mrs. M. (June) Bennetts, Mrs. Irene Boyd, Mrs. Barbara Bradford, Mrs. Shirley Brimblecombe, Mrs. Hope Brooker, Mrs. Mabel Brown, Miss Elizabeth Burrows, Mrs. Agnes Chadderton, Mrs. Audrey Clarke, Mrs. W. D. Cochrane, Mrs. Irene Cohen, Mrs. Dorothy Coleman, Mrs. Helen Coulcher, Mrs. Margaret Couture, Mrs. Nora Cutt, Mrs. Dollie Darling, Mrs. Edith Davidson, Miss Elizabeth Dawson. Mr. M. Edwards, Mrs. Helen Elder, Mrs. Jean Ellis, Miss Thelma Fewang, Mrs. Betty Field, Mrs. Margaret Flucke, Mrs. Cecily Foote, Mrs. Betty Frewer, Mrs. Blanche Frith, Mrs. Irene Gollub, Miss Margaret Green, Mrs. Pauline Griffiths, Mrs. I. Head, Mrs. I. Heald, Mrs. Joy Hilsden, Mrs. Mary Hiltan-Weeks, Miss Norma Hocking, Mrs. Violet Holmes, Mrs. Doris Homes, Mrs. Janet Hull, Mrs. Joan Jacob, Mrs. Joyce James, Miss Doreen Jasper, Mrs. Marion Johnson, Miss Tessie Johnson, Mrs. Doris Jones.

Marshall, Miss Fay Marshall, Miss Doreen Maynard, Mrs. Margaret Maze, Mrs. Sylvia Mellows, Miss Dorothea Mitchell, Mrs. Sheila Moffat, Miss Sylvia Moskally, Mrs. Alan Morkill, Miss Ann Murray, Mrs. Helen MacDonald, Mrs. Gladys McGee, Miss Barbara Mackenzie, Mrs. McNaught.

Mrs. P. O'Callaghan, Mrs. Janey Oldaker, Miss Hilda Pearce, Miss Mary Pease, Miss Maryan Peterson, Mrs. Olive Pope, Mrs. F. Pring, Mrs. Florence Purcell, Miss Elsie Richardson, Miss Dorothy Rowan, Mrs. Ada Roach, Mrs. Sainsbury, Miss Agnes Salway, Mrs. H. C. Silburn, Mrs. Violet Spencer, Mrs. Roy Stranix, Mrs. H. R. Sykes, Mrs. Violet Thistle, Mrs. Muriel Taylor, Mrs. Annie Ward, Mrs. G. Ward, Mrs. M. Waters, Mrs. Beatrice Wilkie, Mrs. Eileen Wilkinson, Mrs. Mary Wilkinson, Miss Helen Wynn, and Mrs. Joan Zimmerman.

Do This For Wrinkles

If you have premature fine lines and wrinkles, you can make them far less noticeable by using the new Saxolite Astringent Cream. This marvelous cream temporarily tightens and firms the outer layer of the skin surface, and tends to close up and pull together these flaws to your charm. You may not believe your eyes when you look in your mirror. Before going out socially, apply Saxolite Astringent Cream as a powder base and gain the confidence of greater complexion beauty.

Sherry Party Planned For Penticton Visitor

Mrs. G. J. Rowlands with her two children, Marcia and Bruce, arrives from Penticton this afternoon and will be the guest of her mother, Mrs. K. C. MacDonald at the Empress Hotel,

for the next three days. Tomorrow morning Mrs. Rowlands will be honor guest when her sister, Mrs. F. G. Hart entertains with a sherry party at her home on Beach Drive.

Captain and Mrs. R. F. Ferrie of Edmonton are in the city, the guests of Mr. and Mrs. Richard Ferrie, 1756 Coronation Avenue.

Mrs. J. Ellsworth Bennett, who has been visiting her niece, Mrs. J. L. Ford, Linden Avenue, since September, left Wednesday for Vancouver, where she will spend several weeks, before returning to her home in Toronto.

Mrs. R. F. Dalziel entertained Wednesday evening at a family dinner party at her home, 1128 Topaz Avenue, to honor her husband on the occasion of his birthday.

Mrs. A. M. Robertson, president of the Victoria Soroptimist Club has returned to her home in the city, following a three-month visit in England, where she attended the international conference of Soroptimist Clubs at Harrogate.

Mr. and Mrs. S. Lane, Olde England Guest House, have returned from a month's holiday in California. They visited San Francisco and Pasadena, and in Hollywood were entertained by Mr. and Mrs. Wally Westmore. They were taken on a tour of Paramount Studio by Mr. Westmore.

Complimenting Miss Beryl M. Calbeck, who will become the bride of Mr. Melvin Brundrige this Saturday, Mrs. D. Jefferson entertained at a miscellaneous shower at her home, 1572 Vining Street, Tuesday evening. A buffet supper was served with Misses Olive and Catherine Campbell assisting the hostess. Other guests were Mrs. H. Young, Mrs. H. Segeman, Mrs. D. Grant, Mrs. D. Sprinkling and Misses Joan Denison, Betty Brundrige, M. Braithwaite and Barbara Willis.

Eric Morse Speaks To Women On Position Of Russia, U.S.A.

In his address to the Women's Canadian Club yesterday afternoon, "Is Equilibrium Between Russia and the U.S.A. Possible?" Eric Morse, national secretary of the United Nations' Association of Canada, described these two great powers almost as sparring partners, aware of each others strength and conscious of their own weaknesses.

Defining the word equilibrium in this instance as a "balance of power and not an alliance," Morse pointed out that Russia is not out for world domination on the accepted pattern.

"They do however, want a world of friendly states, communistically dominated," he said.

The Soviet foreign policy, he explained, has two fundamental weaknesses, "its emotional approach and lack of knowledge of the western world."

"The ordinary urgencies of imperial expansion does not exist in Russia," he added.

"The country does however, have a sense of military insecurity because it is essentially a land power and therefore feels its needs buffer states to push its enemies away from the home state."

SENSE OF INSECURITY

"Lack of Arctic and Mediterranean bases and the atomic bomb have added to this sense of insecurity."

United States foreign policy, he continued, has been handicapped by the confusing factor of having a Republican Congress with a Democratic executive.

"There has also been an immaturity in this country's acceptance of world power and an underlying hysteria in its sense of mission."

"The United States, also has a sense of military insecurity, en-

vinced in its jockeying for world bases," Mr. Morse said.

"On the other hand," he explained, "the U.S.A. is a land of production and like any good businessman, dreams of a well ordered world with a wealth of good customers."

Mr. Morse cited the North American Security Pact which is expected to be signed in the near future by the nations of western Europe as one means of restoring a balance of power.

He concluded by saying that a balance of power in the ordinary sense is "impossible at present between the two great powers."

"Nevertheless some sort of balance of forces may be possible, on a very precarious day-to-day basis."

"The best we can hope for is a lull as things are at present. Peace and security will not come until world economics and social problems have been solved."

Mrs. H. L. Smith presided and thanked the speaker for his address.

Hospital Ball On Salt Spring

Mrs. L. D. Drummond was general convener for the annual hospital ball, held recently at Fulford Community Hall, South Salt Spring Island.

Decorations in the Halloween motif were in charge of the matron, Mrs. B. Peterson and nursing staff, assisted by Miss G. Shaw and Dr. A. Francis. Supper tables were decorated with pumpkins, apples and trailing autumn leaves.

Bob Tester's orchestra played for dancing and Claude Leigh acted as master of ceremonies. Spot dances were won by Miss Joan Wilson and R. Royal, Miss Dolores Lockwood and R. White.

Supper was served by the staff, assisted by Mesdames W. M. Palmer, G. St. Denis, H. C. Alexander and J. White.

W. N. Mouat and G. St. Denis were at the door and a sum of \$150 was cleared for needed hospital equipment.

St. John's—At a business meeting held Tuesday, resignations were accepted from secretary Doris Foulkes and breakfast convener, Eileen James. Maureen Adlard and Lloyd Griffiths were elected to these offices. Further plans were made for the annual banquet and dance to be held Valentine Day, under conveners Peggy Melville and Joan Holloway.

Variety Night, originally scheduled for December will not be held until spring. Next week members will visit the Old Men's Home and will present a short program. Members will meet at the Willows' bus stop, corner of Fort and Douglas Streets, Tuesday at 7.30.

Christening Ceremony Performed

The bright-eyed baby pictured with her mother was principal in a christening ceremony last Sunday at St. Saviour's Church. Rev. G. D. Kendall officiated and the names chosen by the parents, Mr. and Mrs. G. L. Fieldhouse, were Laura Joan. Godparents were Mr. and Mrs. J. Massie and Mrs. W. H. Aldred. Later in the afternoon the maternal grandparents, Mr. and Mrs. W. H. Aldred, entertained at a christening tea at their home, 326 Kerr Avenue. Paternal grandparents are Mr. and Mrs. L. Fieldhouse.

The Nursing Sisters' Branch, Canadian Legion, held their regular meeting with a large turnout of members and several new members welcomed. The committee reported on the contribution of nursing sisters to the

Poppy Day campaign. Reports of the B.C. executive meeting and of the zone council meeting were read. The social committee announced plans for a Christmas party and a "Bring and Buy Sale" at the next meeting on Dec. 6.

Decorations Much Admired At Victoria Nursing Home

In the newly decorated lounge of the Victoria Nursing Home, more than 100 guests were entertained at a silver tea sponsored by the Welfare Group of St. Andrew's Presbyterian Church and the Pas-a-Pas Group, First United Church, Wednesday afternoon.

Bowls of mammoth chrysanthemums in autumn shades of red, white, rust and golden yellow and the warm brilliance of an open fireplace further enhanced the lounge, where Mrs. Margaret Christie, president of the Welfare Group, and Mrs. C. C. Warren, president of the Pas-a-Pas, acted as co-conveners and received members and guests.

During the afternoon guests were shown through rooms re-

decorated in shades of peach and green featuring modern light fixtures in both the main lounge and patients' rooms. Vases of chrysanthemums had been placed in each of the rooms.

While tea was being served background music was provided by Mrs. F. Wilmshurst at the piano, and Mrs. F. G. Greenway, who acted as program convener, presented Mrs. George Cornelius and Mrs. C. Goodwin as soprano soloists.

Mrs. D. Gregson was convener of refreshments and members of the Welfare Group and the Pas-a-Pas acted as serviteurs.

Mrs. R. M. Crawford and Mrs. J. Ratcliffe reported the sum of \$60 had been received at the door.

Donald C. McLeod Claims Bride In Ontario Ceremony

Of interest in the city was the ceremony October 30, at St. John's United Church, Oakville, when Mary Louise Slater, daughter of Mr. and Mrs. James Heddle Slater, and Donald Charles McLeod, son of Rev. H. A. McLeod and Mrs. McLeod, formerly of Victoria, and now of Winnipeg, were united in marriage.

Rev. Harry Pawson officiated with Miss L. M. McBain at the organ, and Miss Helen Simmie, Toronto, as soloist.

For the afternoon wedding, the bride wore a portrait gown of ivory satin. The basque bodice was styled with a deep net yoke outlined with a frill of Chantilly lace, and godets of lace trimmed the bouffant skirt. Her full-length veil of ivory tulle illusion was held by a Juliet cap. She

carried a bouquet of white and cream roses and pink rosebuds, centred with a spring of heather sent from Scotland.

Mrs. M. L. Macrae, sister of the bride, and Mrs. Gordon Slater, Toronto, sister-in-law of the bride, as attendants, were gowned alike in lovebird green velvet. They wore head-dresses of matching leaves and carried bronze and yellow mums.

Hugh McLeod, twin brother of the groom, was best man. Ushers were William Soules and James D. Slater.

At the home of Mr. and Mrs. A. Monty Macrae, the bride's mother received in plum crepe and matching hat trimmed with lilac blue ribbon and ostrich plumes. Mrs. McLeod, mother of the groom, wore powder blue with headress of shaded pink ostrich plumes.

Following their wedding trip, the couple will make their home in Owen Sound.

The Latest In Women's Fashions

A classic suit and coat of a worsted type gabardine made by blending nylon staple fibre with wool. Addition of 20 per cent nylon staple to woolen yarns imparts crease-resistance and greater strength to the finished fabric, it is claimed. Apparel shown is considered superior in quality and costs less than garments of pure worsted. Nylon staple was introduced in Canada for the first time this year.

Mrs. Hodges Praises Women's Groups At Auxiliary Bazaar

"Organizations are most fortunate in having women's auxiliaries that work tirelessly day in and day out to aid them," stated Mrs. Nancy Hodges, M.L.A., when she officially declared open the first bazaar to be held by the year-old Ladies' Auxiliary of the Army, Navy and Air Force Veterans in Canada, Victoria branch.

The bazaar, under the able convener of auxiliary president, Mrs. Margaret Carver and Mrs. M. H. Barry, was held Wednesday afternoon in the auditorium at 1001 Wharf Street.

Best wishes for the outstanding success of the bazaar and to every other undertaking of the auxiliary was expressed by Mrs. Hodges. She praised members for their long hours of hard work in creating the bazaar. She pointed out that nothing was ever too trivial for women to undertake. In conclusion she stressed the fact that now more than ever it is necessary to aid veterans and their families. Mrs. Carver presented the honor guest with a corsage bouquet of dainty coral roses.

Guests were greeted by the co-conveners and served tea at individual tables covered with snow-white, lace-trimmed cloths. Masses of fresh chrysanthemums drew visitors to the flowers and fruit stall where Mrs. E. McLaren and Mrs. B. Marshall were in charge. There were freshly baked loaves and buns, fancy cakes and cookies at the

Convenes Bazaar

MRS. W. W. LEDINGHAM

The annual bazaar sponsored by the Canadian Daughters' League, Assembly No. 5, will be held in the Victoria Business and Professional Women's Club, 1012 Douglas Street, on Saturday, from 2 until 5 o'clock. Dr. Marian Sherman will declare the affair open. There will be stalls of hand-worked pillow cases, dainty aprons, babies' nightgowns and many other articles. Afternoon tea will be served and in the evening commencing at 8:15 court whist will be played, with prizes and refreshments. Mrs. W. W. Ledingham is general convener.

Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge \$1.25 for 10 lines and 15c for each additional line.

The engagement is announced of Erna, only daughter of Mr. and Mrs. E. Stadler, 1223 Lockley Street, to James Richmond Boughey, eldest son of Mr. and Mrs. T. Boughey, 413 Langford Street. The wedding will take place in St. Paul's Presbyterian Church on Nov. 20, 1948, at 8 o'clock.

Mrs. A. Cunning, Suite 61, Scott Apartments, wishes to announce the engagement of her youngest daughter, Muriel Jean, to Norman Cook, son of Mr. and Mrs. James Cook, 125 Linden Avenue. The wedding will take place on Nov. 27, 1948. (Regina papers please copy.)

The engagement is announced of Pamela Betty, younger daughter of the late Mr. T. M. Scott, Meddon-on-the-Wall, Northumberland, England, and Mrs. Jean Scott, 1526 Richmond Avenue, to Donald W. G. Trim, younger son of Mr. and Mrs. W. A. Trim of Galt, Ont. The marriage will take place at Christ Church Cathedral on Nov. 27, 1948, at 7:30 p.m.

Flour Quality Angers Bakers

SUNDERLAND, England (CP)—Deterioration in the quality of flour is causing concern, says Percy Boyd, chairman of the Sunderland Bakers' Association.

"I am not exaggerating when I say it's little better than pig meal," he said. "Bread is darker than I can ever remember, and a 280-pound sack yields three four-pound loaves fewer than previous supplies."

Nurses' Fair Tonight

Student nurses of Royal Jubilee Hospital will entertain at their annual "fun fair" tonight

at 8 in the nurses' home. There will be stalls of home cooking and candy, and a concert and dance program has been arranged.

Clubwomen's News

Community Work—Regular meeting of Esquimalt Community Club was held with the president, Mrs. R. McVie, in the chair. Miss Brewster and J. Molofy were welcomed to the meeting, and Mrs. T. Jennings and Mrs. M. Pelly were welcomed back. Twenty-two sick visits were made by the sick convener, Mrs. M. Vickery, and flowers sent to the navy and veterans' hospitals. R. McVie, social convener, reported \$65 raised in October. The annual fall bazaar will be held on Nov. 24 at 2:30 in the club hall, Studee Street, and Mrs. T. Hadfield will officiate at the opening. A special bingo game will take place Friday at 8 p.m. in the club hall, proceeds to be given to an extremely unfortunate family. Plans for the children's Christmas party are in the hands of Mrs. J. Cockrell. Mrs. M. Pelly donated a set of wall plaques and they were won by Mrs. Lawrence and Mrs. A. Gray. Annual meeting will be on Dec. 6, 8 p.m.

Hospital Auxiliary—Mrs. F. Hemmings presided at the meeting of the Women's Auxiliary to the Lady Minto Gulf Islands Hospital, held in the boardroom at Ganges, Salt Spring Island. Treasurer's report showed a balance of \$114.56. Mrs. B. Peterson gave a report of the B.C. Hospital Association convention in Vancouver and it was announced that the hospital board is going ahead with plans for the addition of a children's ward, and a new staff dining-room.

P.T.A. News

Victoria West—Eleven new members were welcomed at the Victoria West P.T.A. meeting, with E. A. Merrett presiding. Mrs. T. Strugnell reported a membership of 122. Mrs. H. Holyroyd and Mrs. B. Bowden were commended on their work in connection with the current mobile T.B. survey in Victoria West. An evening of films will be held Nov. 24, which will be open to the general public. A short musical program was given by Mrs. W. Spedding, and refreshments were served by Mrs. R. McLean and her committee. Next meeting will be held Nov. 29 when Dr. C. C. Carl, director of the provincial museum, will give an illustrated talk on "Nature's Candles"—Eulachons.

Prospect Lake—Members of Prospect Lake P.T.A. will hold their annual tea and bazaar Friday at Prospect Lake School, West Saanich Road. Afternoon tea and sale of handwork and home cooking will be from 3 to 5, and bingo, games and contests will be held from 7 to 11. Proceeds will be used for improvement of Prospect Lake School facilities.

Globe Trotting Hobby For Norwegian Woman

MONTREAL (CP)—Mrs. Fredrick Holst, a much-traveled Norwegian woman, makes seeing the world her hobby.

A recent visitor here, she plans to live in the United States but will "start visiting around" again. One trip will bring her to Canada for skiing.

Mrs. Holst is the widow of the man who is credited with introducing Canadian black and silver foxes into Norway. Her husband died last February.

"We lived out of trunks for 14 years," she said.

One of her more memorable trips was a chinchilla expedition in South America. There Mr. and Mrs. Holst spent "several over the mountains, with Inca Indians as guides."

R.A.F. Trains 'Para-Nurses'

In Upper Heyford, England, Britain's first teams of "para-nurses" are in training. The volunteers are part of airborne medical groups which will fly to the aid of crash victims. Sister O. E. V. Craig, left, and Sister M. M. Bradley attend a "casualty" after a practice leap. —(NEA Service)

Metropolitan Choir Aids
Chimes Memorial Fund

By FLORENCE LARINDE

With the playing of the magnificent Handel's Organ Concerto No. 2, Edgar Holloway, organist, and Maquinna Anderson, pianist, opened the concert presented by the Metropolitan United Church Choir, held in the church auditorium, Wednesday evening, in aid of the Memorial Chimes Fund.

Providing an almost symphony-like background Mrs. Anderson and Mr. Holloway accompanied the choir in the singing of Schubert's "Omni-potency" with Miss Grace Adams as soloist. This work was complete in its beauty of blended voices and instruments.

For her first selection of the evening Miss Louise Leask, mezzo-soprano, offered Saint-Saens' "My Heart at Thy Sweet Voice" from the opera "Samson and Delilah," which she sang with confidence and understanding. She chose the melodic "Homing," by Del Riego, as her second number.

A highlight during the evening was a harp solo "Priere," by Delmas, rendered by Miss Lorna Langley. She captivated her audience again when she was heard with Miss Grace Adams in Schubert's "Ave Marie" and in

the playing of Wigan's "The Harp of St. Cecilia" with organ accompaniment.

Dr. and Mrs. T. H. Johns' duets "Tutti Le Feste" from the opera "Rigoletto," by Verdi, Mozart's "Spring the Chimes" from the opera "Don Giovanni" and "Spring Flowers," by Reinecke displayed excellent blending of voices, and intricate teamwork.

Under the direction of Mr. Holloway the choir was heard next in the singing of Coleridge-Taylor's "Then Said They to Chibabos" from "Hiawatha's Wedding Feast," accompanied by Mrs. W. B. Milburn at the organ, followed by "Onaway-Awake Beloved" also from "Hiawatha's Wedding Feast" with Mr. Frank Spooner, tenor, heard as vocal soloist.

For their second group of selections Mrs. Anderson and Mr. Holloway were heard in piano and organ arrangements of two of Bach's most well-known compositions "Sheep May Safely Graze" and "Jesu, Joy of Man's Desiring."

Miss Grace Adams' delightful interpretation of Ardit's "Il Bacio" gave the well-known Victoria soprano an opportunity to display her voice in all its power and tone.

Mr. Jack Ross was well suited for his vocal solo with the choir in the singing of an Irish air "Has Sorrow Thy Young Life Shaded." In this group of songs the choir combined their voices for the singing of Vaughan Williams' "Just as the Tide Was Flowing" and "You Stole My Love," by Macfarren.

Although only 18 years old, Miss Louise Martin's beautiful soprano voice displayed an ease and confidence far beyond her years in her rendition of Ardit's "Love in Springtime" and the delightful Scottish air "Comin' Thru the Rye."

As their final selection of the evening, after a colorful blending of voices for the singing of Sullivan's "Lost Chord," the choir, and, at the invitation of Mr. Holloway, the audience sang Elgar's "Land of Hope and Glory."

Motion To Stop
Nationalization
Defeated In U.K.

LONDON (Reuter)—By 359 votes to 195, the House of Commons Wednesday night defeated an opposition motion—regarding as virtually a vote of censure—condemning the Labor government for "obstinately persisting" in nationalization policies when the international situation is grave.

The motion was in the form of an amendment to the address in reply to the throne speech, outlining the government's legislative program, which includes nationalization of the iron and steel industry.

Herbert Morrison, Lord President of the Council, said the government would carry through this measure and would be proud of the achievement.

Replying to opposition suggestions that everything is to be nationalized, Morrison said that if the British people got to universal socialization it would be by examining each step on the way after seeing whether it was right or wrong.

"One of our complaints against capitalist private enterprise in this country in the last 30 years is that enterprise has been getting squeezed out by capitalist monopolies," he said. "That is the case in the iron and steel industry and a number of other industries."

Brendan Bracken, Conservative wartime minister of information, said "this crazy scheme for nationalizing steel may well jeopardize British recovery."

Asks Why Island
Railway Carries
Mountain Rates

VANCOUVER (CP)—Vancouver Island residents want to know why the Esquimalt and Nanaimo Railway, reflects the mountain differential in its freight tariffs when "four-fifths of it is in flat or certainly not mountainous territory."

M. Cuthbert Holmes, vice-president of the Island Board of Trade Association, told the three-man Board of Transport Commissioners hearing Wednesday that Islanders are closely following the British Columbia application for removal of the differential.

He said Vancouver Island railway freight rates had been

"substantially increased" since competing trucking concerns were withdrawn from competition.

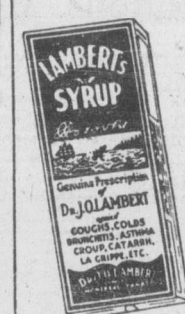

"They spoke strong words," he said, referring to the remarks of Premier Byron Johnson and Attorney-General Gordon Wismer in opening the case.

"They spoke of justice, and of secession—the same circumstances which once ended in a tragic tea-party."

On cross-examination by W. P. Fillmore, K.C., of Winnipeg, he was asked who he "would support for president of the republic of B.C." in the event of secession.

"It would certainly not be a republic as far as Vancouver Island," he parried.

John Jackson, 78, of Bristol, is disappointed that the air ministry won't let him jump 20,000 feet from an R.A.F. plane. He wants to beat the 10,000-foot jump made by a United States farmer of 76.

IRON THE Beatty WAY

Makes Washday a Pleasure

The Beatty Ironer saves far more work than the washing machine. You SIT DOWN to operate by knee control and simply guide the clothes over the roller. All the muscle-tiring, back-breaking work of wrestling with a hand iron is eliminated. Even shirts, kiddies' dresses can be ironed with a smoother, firmer finish and with less electricity than by using a hand iron.

Found Not Guilty Of Attempted Rape

Grant A. G. Cooper and Arthur J. Sampson were acquitted by an Assize Court jury Thursday of attempted rape following a

three-day trial. The jury brought in a verdict of not guilty after 15 minutes deliberation.

The case was heard before Mr. Justice A. D. Macfarlane. W. H. M. Haldane was crown prosecutor. Jack Rutten acted as counsel for the accused.

VETERANS MAKE ARMISTICE EMBLEM—Among the busiest people in the city these days are veterans employed at the Red Cross Workshop on Johnson Street. Workers are hustling to turn out more than half a million poppies and about 4,200 wreaths for the whole of the province to commemorate Remembrance Day next Thursday. J. G. Morley, 616 Michigan Street, workshop manager, checks a large wreath while A. Jeffrey, 624 Raynor Avenue, works on lapel poppies which will be sold on street corners Friday.

Petawawa To Be Training Camp

A training camp devoted entirely to winter warfare will be opened at Petawawa early in the new year.

Officers and men attending the camp will be active force administrative and training staff personnel from army reserve force units in Central Command.

An active force officer will be appointed commandant of the camp and his instructors will include at least 12 officers and N.C.O.'s from the Royal Canadian Regiment who are stationed permanently at Petawawa.

Two three-week courses will be held, the first commencing Jan. 16, and the second Feb. 6.

Council Here Scores Congress For Way Convention Conducted

The Victoria and District Trades and Labor Council, host to its parent organization, the Trades and Labor Congress of Canada during the 63rd annual convention here last month, Wednesday night sharply criticized the congress's handling of the convention.

The three council delegates to the convention, A. P. Rayment, president of the council; G. A. Wilkinson, secretary, and C. A. Peck, in reporting on the convention to the council, "deplored the lack of time for discussion of important issues confronting the trade unions of Canada while too much time was taken up discussing political issues."

Details of the delegates' reports were made known in a statement issued by the council today following the meeting.

A special social meeting of the council will be called for next Wednesday night at which the details of the convention fund and the result of the voluntary dues assessment will be considered.

Mildred Ronson, delegate from the Retail Clerks' Union, reported that plans were almost complete for holding Senior Citizens' Week Nov. 7 to 14. She said the senior citizens' committee was receiving excellent co-operation from the press, radio, mayor and aldermen, and many individuals and groups. All unions were urged to assist in making the campaign for higher pensions for the aged a success.

AGREEMENTS SIGNED

Edward Callan, representative of the Operating Engineers, reported that satisfactory agreements had been signed by his union and the Hudson's Bay Co., Famous Players Ltd., Island Farms, and St. Joseph's Hospital and negotiations with four other companies were proceeding.

Delegates were seated as follows:

Robert D. Patterson, Victoria Shipyard Workers' Local 238;

A. H. Cameron, Brotherhood of Railway and Steamship Clerks; Victor C. Jones, International Union of Operating Engineers.

Kiwanis Club Offers To Operate School Patrols In Oak Bay

The Kiwanis Junior Safety Patrol Committee has offered to equip and operate school patrols in Oak Bay if the municipality requests them.

In a letter to Oak Bay Council Wednesday evening, E. Mallek, acting secretary of the committee, said the Kiwanis Club is prepared to pay for all the necessary equipment and supply the necessary forms, rules and regulations and operate the patrols in the same manner that the Victoria schools are now operating them.

However, there were two conditions: one that a city constable would be allowed to enter the municipality and instruct the patrols; and the other that in its forthcoming budget Oak Bay make allowance for the payment of \$7.50 a month per school to

the city police department for the services of the constable. Some of the councillors questioned the need for a city constable to give the instruction, saying they considered the Oak Bay police department was capable of the work, but it was pointed out that possibly special training was involved.

The offer was referred to the school authorities and to the police commission for consideration.

NEW Rinso with SOLIUM GIVES THE WHITEST WASH

—yes, even Whiter than Brand New!*

You'll hardly believe your own eyes! Rainy days
or sunny days ... whether you dry clothes indoors
or out ... new Rinso with Solium puts a new
brilliance in your wash ... a brilliance never known
before. White clothes come whiter than brand new!
Washable colors get brighter than brand new! Yes,
even clothes that have been yellowed and dulled
by many washings with ordinary soaps come whiter
than brand new! And the more often clothes are
washed with new Rinso the whiter and brighter
they get! Furthermore, these astonishing results
are yours even with the hardest water. If you want
the whitest wash every time, get new Rinso con-
taining Solium today.

* No other soap in the
world can give these
results ... No other soap
contains Solium!

SO SAFE FOR CLOTHES ... SO KIND TO HANDS

To Sell Liquor In Hotels, Restaurants In Washington

SEATTLE (AP)—Washington citizens, who have been buying liquor across the bar only in private clubs, will be taking their cocktails in hotels and restaurants after next March 2.

On election day, Tuesday, they adopted an initiative permitting sale of liquor in licensed establishments with restaurant facilities.

At the same time, they turned down by nearly a three-to-one vote another initiative which opponents termed a prohibition measure. It would have taken beer and wine out of taverns and restricted their sale to state liquor stores.

Washington voters also approved a state veterans' bonus and a liberalized social security measure. The latter sets a floor of \$60 on old age pensions, removes some restrictions on the aged obtaining aid and otherwise expands the state's social security laws.

The liquor-by-the-drink measure provides that no license shall be granted until 90 days after the law becomes effective Dec. 2.

Wagering Drop At U.S. Tracks May Cause Trimming Of Purses

NEW YORK (AP)—Officials of the nation's race tracks, wrestling with declines in attendance and betting, this winter face the problem of whether or not to trim purse distribution.

Purse outlay in the United States last year was \$49,642,555, compared with \$45,486,793 in 1946. Figures for 1948 are incomplete but the total is expected to approximate 1947's big hand-out.

While major racing plants in California and Florida have announced a continuation of their rich stake events for their coming season, officials of most northern tracks have adopted a "wait and see" attitude.

The northern tracks can hold off on such announcements until February or March, at the same time keeping an eye on the turnstiles and mutual windows of southern plants.

But they can't ignore such figures that showed up after they closed the books of their 1948 meetings.

Betting was off 27 per cent at Havre de Grace in a spring meeting hurt by competition from nearby New Jersey. At Garden State Park in New Jersey, it was down 21 per cent from 1947. At attendance at Havre de Grace was off 24 per cent from 1947; at Garden State it was down 11 per cent.

In New York, Aqueduct betting slumped 21½ per cent for its fall meeting, after taking a 13 per cent drop in the spring. At Belmont, the spring betting decline was 13½ per cent compared with 1947, and 14 45 per cent for the October meeting.

New Jersey and New York track officials say nothing has been decided about purses next year. They say they don't usually take up the subject until sometime during the winter.

year. They say they don't usually take up the subject until sometime during the winter.

SLUMP AT CHICAGO

In Chicago, Arlington and Washington parks reported a 10 per cent slump in betting and a 7 per cent drop in attendance this year.

Pimlico, also hard hit by spring competition from New Jersey, saw a 24 per cent betting drop at its spring meeting.

It is the first major track to announce a slice in stakes offerings. A total of \$200,000 was cut from four stakes at the Baltimore Oval for the fall meeting which began Oct. 29. The biggest was a \$10,000 reduction from the Wladon stakes, from \$25,000 to \$15,000. Two other stakes were transferred to Laurel, which also is operated by the Maryland Jockey Club.

A Pimlico spokesman brought up the question of the triple crown classics—the Kentucky Derby, Preakness and Belmont. Each has been a \$100,000-added affair now for three years.

The Maryland Jockey Club anticipated a possible reduction in the Preakness by "guaranteeing" a minimum of \$50,000 for 1949 and 1950.

"But if others of the Big Three, the Derby and Belmont, continue to offer \$100,000, we will undoubtedly go along."

Frankly, he said, Pimlico would be just as pleased if the stake was reduced, because the Preakness was hiked to \$100,000 "just because the others did."

At Louisville, track officials preferred not to be quoted, but persons close to Churchill Downs doubted if the Derby "jackpot" would be lowered next year—at least.

Sports Mirror

By PETE SALLAWAY

VICTORIA'S Memorial Arena may not be completed but the hockey leaders are already showing considerable interest in this city in the future picture. The hockey pot really started boiling in the Pacific Northwest when the Pacific Coast League elected to turn professional. Such action brought up the question of what to do about the professional hockey franchises held in Victoria, Vancouver, Seattle and Portland by the Patrick interests? They had carried over from the days of the former Pacific Coast League and were still recognized by the National Hockey League.

IT IS known that Lester Patrick is still interested in the hockey set-up in this city. He holds the franchise and can take action in two directions—dispose of the franchise to other interests or operate a club here himself. Should Patrick wind-up his associations with Madison Square Garden Corporation this season he might be prepared to get into hockey out here.

EVIDENCE that the Victoria situation is being watched was proven yesterday when the writer had a long distance call from Leo Lassen in Seattle, requesting information on Patrick's feelings towards hockey in this city and just what progress had been made towards completing our arena. Lassen, who spends the winter months broadcasting a general sports program, showed great interest in proposed plans for hockey promotion in Victoria.

NOTICE where Ken McConnell, Vancouver scribe, had a few words to say the other day about the hockey set-up over here.

"Several people, with hockey backgrounds, have sought the right to professional hockey in Victoria."

"It has been hinted by one citizen that the league will back him up; that he'll either have the rights in Victoria or nobody else will."

"That, too, is ridiculous. If then when Victoria completes construction of their rink—they have had considerable difficulty doing so—the men behind that rink should have the right to say who will have the hockey rights."

"After all Victoria has, in a hockey sense, been dead as the embers of their arena fire. Why should anybody, merely because they have league backing, have the right to take over?"

B.C. Owners Buy British Runners

VANCOUVER (CP)—Three race horses, from the best of English and Irish bloodlines, are en route to Vancouver from Ireland. They are consigned to Capt. Denis Coghlan, Canadian representative of the Anglo-Irish Bloodstock Agency.

Star Affair, reported to be a \$20,000 runner, will go to the stable of Jack Pattison, prominent Vancouver sportsman, and Divine Right, four-year-old son of Blue Peter, winner of the English Derby, will join the string of Dan Rotary, Vancouver hotelman.

The third is Mario's Pride, a three-year-old son of the Irish stallion Denturion. His Vancouver owner is unannounced at present.

Trail Smokies End Spokane Win Streak

TRAIL (CP)—Trail Smoke Eaters flashed three goals in overtime Wednesday night to defeat the league-leading Spokane Flyers 5 to 3 in a Western International Hockey League fixture.

The Smoke Eaters forced the game into overtime when defenseman Les Christensen blazed a blue line drive by Flyer goalie Ron Pickell with less than two minutes of play remaining to tie the count at 2 to 2.

Smokies then went on to hand Joe Benoit's crew their first loss after six straight wins on goals by Terry Cavanagh, Ab Cronie and Louis Secco. Pivot Roy McBride added the third Flyer goal at 4:12 of the overtime session.

SOCCER PRACTICE
Canadian Legion senior soccer team will practice at Athletic Park tonight at 8.

What's This?

Referees Enjoying Hockey Fight

Chief bristlers in Saturday night's National Hockey League joust between the Leafs and Wings were Bill Ezinicki (No. 12), seen putting a bit of snarl on his pushing. Barilko, who is making with the two-handed riposte, and Gord Howe, holding off both Toronto scrappers. Referee Butch Keeling grins as he emits a fashionable "break it up boys" while linesman George Hayes does a toe dance as he watches the proceedings from a safe distance.

Students Edge Art Metals; Eaglettes Lose To Cec's

Chinese Students vacated the cellar position in the men's senior B basketball league last night with a close 48 to 47 victory over another winless squad, Island Art Metals, in the feature game of a triple-header program at the High School gym.

It was Students first win of the year in three starts and moved them to fourth place in the standings. Island Art Metals hold down bottom place with no victories.

Cec's U Drive's powerful unit smashed to a 37 to 22 victory over Wally Yeamans Eaglettes in a senior B women's game while in the intermediate B boys' preliminary, Warriors trounced Chinese Students, 45 to 24.

LEAD CHANGES

The senior B men's contest was a ding-dong affair from start to finish with first one team taking the lead and then the other. Students got the jump—but only by one point—in the first quarter when they reached the interval with a 13 to 12 margin. The metalmen retaliated with a scoring outburst to move into a 26 to 24 lead at the half.

Jimmy John, Students scoring phenom, paced the winners at the start of the third period and mainly through his efforts, Students moved into a four-point lead. By the three-quarter mark, however, Art Metals had silenced the lead to one point at 37 to 36. In the final 10 minutes Paul Leung took over the scoring burden and pushed in six points as the Students remained in front to garner the slim one-point verdict.

McKAY HIGH MAN

High scoring honors for the night went to Cliff McKay of Art Metals with 22 points. John sparked Students with 17.

The tall U-drive's squad had matters in hand all the way in the win over Eaglettes. Grabbing a first-quarter lead they were never in trouble and increased the margin at every turn. Marion Kennedy with 16 points

All-Stars In Second Straight Hockey Win

CHICAGO (AP)—Practice may make perfect, but you can't tell that to the National Hockey League All-Stars, who last night trimmed the champion Toronto Maple Leafs, 3 to 1, for the second straight year.

Just as they did in winning the All-Star inaugural, 4 to 3, at Toronto last year, the Stars took the Chicago Stadium ice without any preliminary drill and out-scored and out-manoeuvred the Stanley Cup champions before 15,681 fans.

Durocher Signs Former Giants' Stars As Coaches

NEW YORK (AP)—Leo Durocher Wednesday signed up Frankie Frisch and Freddy Fitzsimmons, a couple of old New York heroes, as coaches for his New York Giants and announced that he had his hooks out for a front-line pitcher.

"If I could get the pitcher I have in mind," Leo told reporters in a press conference here, "I'd be ready to challenge anybody for the 1949 pennant."

Durocher declined to identify the pitcher he hoped to get, but admitted he had made overtures for southpaws Johnny Schmitz of Chicago Cubs and Harry Brecheen of St. Louis Cards, and right-handers Ralph Branca and Rex Barney of Brooklyn Dodgers.

Frisch, a great second baseman for the Giants from 1919 through 1926, and later manager of the Cardinals and Pittsburgh Pirates, has for the last two years been a broadcaster of the Giant games. He was Durocher's boss at St. Louis.

Fitzsimmons, who pitched 174 victories for the Giants from 1925 through 1937, coached Boston Braves last season.

Isabel Jarvis New Women's Golf Captain

Isabel Jarvis was elected women's captain of the Gorge Vale Golf Club at the annual meeting held this week. Mrs. J. Clarke was named secretary for the fourth successive year.

Members of the committee follow: Mrs. J. Davis, Miss D. Hammett, Miss J. Kondratowicz, Mrs. F. McPherson, Mrs. S. Paterson, Mrs. G. Pearce and Mrs. R. Wakelin.

In a women's putting competi-

All the scoring was packed into the second period in which the All-Stars took a 2 to 0 lead, allowed the Leafs to nudge in their only tally on Max Bentley's pay-off shot, and then added their third marker 28 seconds before the period ended.

Two-thirds of the estimated \$27,000 gate went to the league's player pension fund for which the All-Star game is played.

The first period was so lackadaisical the near-capacity crowd booed the teams as they left for the intermission.

RICHARD IN PLAY

But the second period was only 135 old when Detroit's Ted Lindsay rammed home the first All-Star tally. A bristling charge by Montreal's Maurice Richard set up the score as Toronto goalie Turk Broda was hustled out of position.

A minute and a half later, Boston's Woody Dumart beat Broda to the draw for the second All-Star marker. Then came Bentley's lone Toronto score which made it 3 to 1.

With time running out in the second chapter, Chicago's Gaye Stewart poked the puck home with an assist by Chicago's Doug Bentley, brother of Max, and that was the match.

Toronto's goal was the first scored in 60 minutes of All-Star play against goalie Frankie Brimsek of Boston. Brimsek played the first 30 minutes last night and then yielded to Montreal's Bill Durnan.

SUMMARY

First Period—No scoring. Penalties: Ezinicki, Reardon. Second Period—1, All-Stars, Lindsay (Richard, Lach), 1:35; 2, All-Stars, Dumart, 3:06; 3, Toronto, M. Bentley (Costello), 5:13; 4, All-Stars, G. Stewart (D. Bentley), 19:32. Penalties: Mortson (major), Howe (major), J. Stewart, Bouchard, Juzda.

Third Period—No scoring. Penalty: Bouchard.

tion held recently Mrs. Paterson was the winner.

Junior Grid Squads In Eastern Playoffs

Four crack junior football teams battle it out in games at Montreal and Sarnia Saturday to whittle the field down to two for the eastern Canada final Saturday, Nov. 13.

Hamilton, one of the greatest football cities in the Dominion, sends a team into each of this Saturday's semi-final contests and has a chance to make the eastern championship game an all-Hamilton battle.

At Montreal, Hamilton Wildcats tackle Montreal Westmounts, champions of the Quebec Rugby Football Union. The Wildcats won the championship of the Big Four junior series.

At Sarnia, Hamilton Tigers meet an undefeated team from the village of Point Edward for the Ontario Rugby Football Union championship.

The Wildcats, who will take a 30-man squad to Montreal, are coached by Fred Veale, once an outstanding outside wing for Queen's University and later a coach of senior Tiger and Wildcat teams in the mountain city.

TEAM REVAMPED

There are only five players

left from the 1947 Tiger team which went to Vancouver for an unofficial Dominion title series and was defeated—quarterback Andy Bruggs, outside wing Frank Mullen, middle wings Paul Manloan and Alan Wade and snapper Murray Falls.

There is hope this season of having the eastern winners go up against the western champions Nov. 29 in an official Dominion championship contest.

Last east-west junior game was in 1932 when University of Toronto downed Moose Jaw. Last team recognized as Dominion Argonauts in 1933. They won in the east but there was no playoff with the west.

Bays Face Undeclared College Crew Saturday

Victoria College and J.B.A.A., who played to a 5 to 5 tie in their last meeting, will tangle in the senior rugby fixture at Macdonald Park Saturday at 2.30.

College at present top the standings with three points gained with a victory over Scottish and the deadlocked game with Bays and are yet to taste defeat in league play.

Bays, rated a pre-season favorite, have not garnered a win to date in their two outings, losing to the Scots in their first engagement.

However, in the last game between the two clubs there was little to choose in the matter of any marked superiority in play and the teams rate as even for this week's clash. A victory for the Bays will vault the George Langdon crew over Scottish into a first-place tie with the students while a triumph for College will give Scott Kerr's aggregation a stranglehold on first-half honors.

SECOND DIVISION

Second division games on the Saturday schedule find Oak Bay Wanderers playing Royal Roads at lower Macdonald Park and J.B.A.A. meeting H.M.C.S. Naden at Naden. Fifth Regiment have a bye this week. Games start at 2.30.

Two third division contests are also on the agenda. Naden is scheduled to play Victoria College at Naden while Wanderers and Bays are slated for Windsor Park.

Oak Bay Whites Win Interhigh Soccer

In the only interhigh senior soccer tilt yesterday, Oak Bay Whites upset the first-place Mount View eleven, 3 to 2 in a game at Windsor Park.

Whites held a 2 to 0 edge at the half on a pair of goals by Hughie Johnston, but Mount View tied the score in the second. Dave Paterson came through with the winner for Bays shortly before full time.

Season Record Gives Hamilton Tigers Edge

TORONTO (CP)—Any way you figure it, statistics give Hamilton Tigers a big edge on Toronto Beavers Indians in the best-of-three series they open here Friday night for the Ontario Rugby Football Union senior championship.

The Tigers rolled up the imposing total of 279 points, with only 53 against, in winning all nine of their scheduled games. Beavers won five, lost four, scored 124 points with 86 against.

The two clubs met three times during the schedule, twice in Hamilton and once in Toronto. The Tigers won 30 to 12, 18 to 10 and 14 to 5. Their most convincing triumph, the first, was a floodlight game like Friday's.

The scoring figures indicate that Beavers, with a big, tough wingline, gave the Tigers their stoutest opposition over the season. The Tigers' season's scoring average of 31 points a game dropped to 20.7 against the Toronto club. Similarly their season's points-against average was 5.9 but against Beavers it was 9.

FILCHOCK KEY MAN
Key man in the Hamilton club is Frankie Filchok, playing coach and top forward passer in

Canadian football. He threw 41 passes in his three games against Toronto and completed 23. This compares with 129 tries and 83 completions over the season.

When it comes to scoring, the Tigers lead in the main departments, they scored 44 touchdowns over the season to 20 for Beavers, they had five field goals to one and 39 converts to eight. Beavers led in singles, with 13 compared to five.

Second game of the series is in Hamilton Nov. 13, and if a third is necessary it also will be played in Hamilton, Nov. 17.

VERNON WINS HOCKEY

VERNON (CP)—Vernon Canadians Wednesday night edged Kamloops Elks 3 to 2 in the opening game of the 1948-49 Okanagan Mainline Hockey League before a packed house of 2,000-odd fans.

TIREMEN PRACTICE

Douglas Tire football team will hold a workout at Athletic Park tonight, starting at 7.30.

Oakland, Calif.—Maxie Docusen, 134, New Orleans, outpointed John L. Davis, 133, Richmond, Calif., 10.

Seattle Defeats Portland To Take Over Hockey Lead

Mayor Fletcher Bowron's toss was all right, but it failed to bring luck to the Los Angeles Monarchs in their home opening of the Coast Hockey League.

Fresno hammered home two counters in the last period to beat the home team, 5 to 3.

At Seattle, the Ironmen climbed back into sole possession of first place in the northern division, defeating the Portland Eagles 3 to 2.

The Ironmen had been tied with the Eagles and With Vancouver for the lead. Vancouver was idle.

The San Francisco Shamrocks maintained their leading pace in the southern division with a 6 to 2 victory over the visiting San Diego Skyhawks.

At Tacoma the Rockets dropped a season 6 to 5 affair to the New Westminster Royals. DuFault led the Royals with three goals for a hat trick.

Louis-Conn Trade Punches Again In Exhibition Fight

CHICAGO (AP)—Joe Louis, world heavyweight champion, is going to trade punches again with Billy Conn, who has emerged from a retirement forced by Louis two years ago.

Conn, who gave the champion a scare June 18, 1941, and the Brown Bomber who knocked him out in eight rounds when they clashed in Yankee Stadium in June, 1946, were matched Wednesday for a six-round exhibition at the International Amphitheatre Dec. 10.

Conn, Nov. 31, said he had been training for a comeback and would try to knock Louis out.

The exhibition will be the first since the fight since he was flattened by Louis.

The 34-year-old Louis, on an exhibition tour of the United States, will box Conn on the same night that Joe Baski and Edward Charles fight in New York's Madison Square Garden for the right to meet the champion next June.

Schmied, Kubasek Share Scoring Lead In Prairie Hockey

MOOSE JAW, Sask. (CP)—Frank Kubasek of Bellevue Lions has moved into a first-place tie with Bob Schmied of Calgary Buffaloes in the Western Canada Junior Hockey League scoring race.

Official figures compiled by J.

PHILLIPS' MILK OF MAGNESIA TABLETS			
SWEETENED Sour Stomach MINT FLAVORED			
H. Parry, Moose Jaw, secretary-manager of the league, credit the co-leaders with eight points each. Schmied has five goals and three assists and Kubasek has three goals and five assists.			
Four players share third place each with six points. They are Vern Pachal of Bellevue, Doug McDonald of Regina Pats and Merv Clouston and Doug Hage, both of Medicine Hat Tigers.			
Bill Shevets of Bellevue is the league's "bad man." He has spent 18 minutes in the penalty box.			
Leaders follow:			
Schmied, Calgary	8	3	2
Kubasek, Bellevue	8	3	2
Pachal, Bellevue	6	3	0
Clouston, Medicine Hat	6	3	0
McDonald, Regina	6	3	0
Hage, Medicine Hat	6	3	0

TIME OUT!

"Now, Mother, don't you worry about Junior being sent in... he isn't so bad that your 20 bucks on State isn't safe!"

Imports Are Necessary Says 'Stamps' Head

CALGARY (CP)—Western football clubs need the aid of qualified United States gridiron imports "if we are to continue competing with eastern Canada," Tom Brook, president of the Calgary Stampeder Football Club, said Wednesday.

Commenting on a statement by retiring president Art Chipman of Winnipeg Blue Bombers that football is too costly and suggesting that western clubs eliminate U.S. imports, the fiery Stamp president said the suggestion "is just a Blue Bomber excuse for a disappointing Winnipeg season."

"The Winnipeg suggestion that the western conference sideline imports and concentrate on developing home talent is just a Blue Bomber excuse for a disappointing Winnipeg season," Brook said. He said Chipman's suggestion on developing home talent is just what Calgary has been doing all along.

PLAN PAYS OFF

"We have used experienced players from the U.S. to aid in development of local players, and the results are starting to show this season."

The Calgary Stampeder president said he thought Chipman's statement that the cost of western football was "running out of bounds" was a trifle peculiar.

"At no time has Calgary been the prime mover in importing players," Brook said. He pointed out that Winnipeg and Regina each brought in six imports this year, compared with four for Stampede. Canadian Rugby Union regulations limit imports to five to a club.

H. Parry, Moose Jaw, secretary-manager of the league, credit the co-leaders with eight points each. Schmied has five goals and three assists and Kubasek has three goals and five assists.

Four players share third place each with six points. They are Vern Pachal of Bellevue, Doug McDonald of Regina Pats and Merv Clouston and Doug Hage, both of Medicine Hat Tigers.

Bill Shevets of Bellevue is the league's "bad man." He has spent 18 minutes in the penalty box.

Sports Round-Up

By HUGH FULLERTON JR.

PINEHURST, N.C. (AP)—

There was the greatest mixture of golf and politics you ever heard around the Pinehurst Country Club yesterday. . . . With tournament play rained out, the golfers sat around and discussed the Presidential election and a somewhat controversial article on P.G.A. politics in Bob Harlow's paper, Golf World.

They didn't have much to say for publication about the situation in the Professional Golfers' Association because that organization has a "gag" rule, but it wasn't hard to gather the impression that a lot of them aren't too happy about the Ed Dudley-George Schneider administration. One objection is that Schneider, a tournament player, also heads the tournament bureau and has the power to make rulings on play.

The story they now hear is that the "ins" want to make Dudley a salaried high commissioner of pro golf and advance secretary Joe Novak to the presidency. . . . whatever the outcome, the guys will go right on playing golf for money.

BOBBLE BY BOBBY

Bobby Locke, the South African with an odd golfing style, took a lot of tournament prize money out of the United States. . . . but you can get an argument as to whether he's a good golfer.

During the last tournament here, Locke toured the course with Frank Cosgrove, a resort operator whose left-handed shots are notable for an amazing slice.

After watching Cosgrove shoot the first four holes in par, Locke remarked: "For a man who hasn't any style, you certainly know where the ball is going."

Cosgrove replied blandly: "Bobby, that's just what the pros say about you."

Miami, Fla.—Carey Mace, 151½, stopped Bill Louderman, 145½, Dallas, 7.

New York—Mario Moreno, 147, New York, outpointed Sol Levitt, 145, New York, 6.

Canadian Rider In Horse Show Triumph

NEW YORK (AP)—Canada took over the military spotlight at the national horsemanship Wednesday night when Lieut. W. R. Ballard of Weston, Ont., won the Dakota trophy on Rejet, a chestnut gelding, in the international jumping contest.

Three extra jump-offs were necessary to decide the event involving four-man teams from Canada, Mexico, France and a lone United States entrant. This was the feature of the second night's program in the 6th annual show before 9,000 at Madison Square Garden.

It was the first triumph of the show for a Canadian Army entry. France and Mexico divided the top honors in the two previous military events.

Tips On Golf Rules

By ROBERT FOULIS

Tip No. 43

PLAYER DROPS BALL.

IT ROLLS DOWN SLOPE.

Question: A ball comes to rest on a hydrant cover near the green. The player drops the ball and it rolls down a slope about 20 yards, giving him a blind shot to the green. The player said he could re-drop as the ball came to rest more than two club-lengths from the hydrant.

Answer: The ball must be played where it lay after the dropping. If it had rolled into a hazard, or if it had rolled nearer the hole, it could have been re-dropped. Francis—U.S.G.A.

In the News Chronicle tournament in 1946, Dai Rees asked the marker to lift and mark his ball which was in the way of a fellow-competitor's putt. This was done, and after the fellow-competitor had holed out, a ball was replaced. Just before Rees putted he noticed it was not his ball. The marker had two balls of his own and they had got mixed. If Rees had holed out with the wrong ball the penalty would have been two strokes provided he then holed out with his own ball. If he had driven off from the next tee before the mistake was discovered, the penalty is disqualification. The player should always lift his own ball. See Stroke Rule 13 (3). This is a point about which the pros often go wrong. Condensed from an article in "Golfing."

Retired Joe Davis Still Greatest Snooker Expert

LONDON (CP)—For 22 years

Joe Davis, undisputed Peer of Shot and Pot, has chalked up snooker and billiards records that make his opponents seem mere slivers of light across his shadow.

So there'll be little surprise when the chalk starts a-scribbling again.

The other day, while playing Sidney Smith in a £1,000 (\$4,000) handicap tournament, he laid low a four-day bogey by whipping 119 to complete his 300th snooker century. As he said himself: "No man ever heaved a deeper sigh of relief than I did. . . . For four days I had been hearing nothing else, by phone, in the street, in the club, but 'Did you do it?' or 'When are you going to make it?' My wife was the only person who kept silent about the whole thing."

Some idea of the old maestro's superiority—he retired undefeated in 1947 after 20 years as world snooker champion—over other home players can be seen from a comparison of their 100 breaks. Next on the list is Sidney Smith with 95, then comes Walter Donaldson who made 82. Fourth is the present world champion, Joe's younger brother Fred, with 52 and after that the list reads: Alec Brown 40, Albert Brown 34, John Barrie 16, Sidney

Lee and Jack Rea 15 each, and John Pullman six.

COST HIM MONEY

Big billiards—and snooker breaks cost Joe money. He paid out £1 on a friendly bet when he made this latest snooker century. Then at Birmingham in 1932, when he notched a 1,000 billiards break against Clark McConachy, the New Zealander, a fan offered Joe a new hat for a repeat performance in the evening session.

Joe bantered: "I'll buy you one if I get another 1,000 today." He did, so Joe and the fan ceremoniously bought each other a hat.

Joe's first century break came in 1926, but he has knocked out the last 99 hundreds in less than 2½ years. Twenty years ago not nearly so much snooker was played by top-liners, but nevertheless, Joe Davis, like some wines, seems to improve with age.

He's still the champ—in all but name.

SERVING VICTORIA WITH QUALITY FOR 86 YEARS

Home, Store Robbed In City

One home was robbed of \$114 in cash and a confectionery store of 120 packages of cigarettes, in two robberies reported to city police during the night.

When Mrs. G. W. Beal, 2317 Belmont Avenue, returned home at 11:10 she found the house had been entered and the money taken from different places. Nothing else was disturbed. Entry was gained through an unlocked pantry window and forcing the locked pantry door with

the aid of a pair of grass clippers, police said.

Detectives F. Woodburn and J. Lund attended at Curran's confectionery store at Cedar Hill Road and Gosworth Street at 8:55 this morning in response to a report of an entry. Only things missing were the cigarettes of a variety of brands. Entry was gained by slitting the screen door and undoing the catch, then breaking the glass in a door to enable release of the lock.

Mayor Supports Poppy Campaign

Mayor Percy George today threw his support behind the poppy campaign of the Victoria Remembrance Day Committee.

"Saturday, Nov. 6, is Poppy Day and it is my hope all the citizens of Victoria will join in this tribute to the young men of this area who died in two World Wars by wearing this flower of remembrance," the mayor said.

"None of us need to be reminded that these little red poppies are symbols of courage and of sacrifice. They bring to us all thoughts of those young men of all the services, who gave their all in the maintenance of our freedoms and in defence of the liberties under which we live."

Each year the Canadian Legion conducts its poppy sale to raise funds for relief work among those who came back wounded, broken in health and

disabled. The poppies are made by some of these disabled ex-servicemen who are unable to work elsewhere, the mayor pointed out.

"So when we buy and wear the blood red flower of Flanders, we are paying tribute to our hero dead and we are helping their disabled comrades. We can wear this flower with pride. It means that we have not forgotten them."

Excuse Failed

A drugstore delivery man today in city police court pleaded guilty to driving over 30 miles an hour in the downtown district, but found the court could see no excuse for his actions when he explained he had a rush trip on to deliver some drugs to the Empress Hotel. Accused said he was only doing 40, but he was clocked by a policeman at between 53 and 56 miles an hour. A fine of \$15 was imposed by Magistrate H. C. Hall.

Only 1 Island Firm Among 16 Companies Registered In Week

Sixteen companies were registered at the Parliament Buildings during the week ended today under the Companies Act as follows:

Vancouver Island — White Rapids Logging Ltd., \$10,000 authorized capital, Nanaimo.

Vancouver — Roamabout Co. Ltd., \$75,000; B.C. Vegetable Oils Ltd., \$1,000,000; Columbia Copperfields Ltd., non-personal liability, \$1,500,000; Building Services Ltd., 100 no par value shares; Western Kelowna Agencies Ltd., \$10,000; West Coast Trailers Ltd., \$25,000; Uranium Corporation of B.C. Ltd., 100 no par value shares; Home Electric Ltd., \$10,000; Carlson & Carnegie Ltd., \$10,000; H. H. & S. Sawmills Ltd., \$35,000; Hollyburn Transit Ltd., \$25,000, and F. & P. Henderson Ltd., \$75,000.

Elsewhere in B.C. — Skeena Sawmills Ltd., \$25,000; Terrace Rotary Equipment Sales Ltd., \$10,000, and Fra-Val Development Ltd., \$10,000, both New Westminster.

Extra-provincial registrations — Sunray Oil Company, \$200,000, head office, Tulsa, Okla., head B.C. office, Vancouver; Canadian Bedding Company Ltd., 100,000 no par value shares, head office, Edmonton, head B.C. office, Vancouver, and Kaslo Silver-Leaf Co. Inc., head office, Seattle, head B.C. office, Vancouver.

Society — Superannuated Federal Civil Servants, Vancouver.

Six-Month Jail Term For Bike Theft

Edward Evans, 34, who on Wednesday was committed for trial on a charge of breaking into Little and Taylor's, 1209 Douglas Street store, and committing theft, was given a six-month sentence on another charge in city police court today.

He got the sentence for theft of a bicycle owned by James Oliver, 939 Empress Avenue. He pleaded guilty to that charge. G. L. Harrison, city prosecutor, read accused's crime record dating back to 1932.

Foundries, Union Asked To Name Conciliators

Representatives of six Vancouver foundry companies and the Vancouver District Metal and Chemical Workers' Union Local 289 have been asked to name nominees to a conciliation board to attempt to effect a settlement of a wages and hours dispute between the two parties.

Involved in the dispute are 230 employees.

At the same time the Labor Relations Board announced the appointment of Robert Forgie, Vancouver conciliation officer, to confer with representatives of the Sweeney Cooperative Ltd. and representatives of the engineers' union, and the carpenters' union in an attempt to bring a settlement of a dispute involving three engineers and 70 carpenters.

The annual general meeting of the Victoria Civil Non-Partisan League will be held tonight at 8 in the Chamber of Commerce Hall, Black Ball Ferry Building. H. Cuthbert Holmes will be chairman and two other speakers will be Glen McMaster of the Vancouver Non-Partisan League, and J. Carl Pendry of Victoria.

Brothers Reunite After 32 Years

Five brothers, all formerly of Victoria, met recently in Montreal for the first time in 32 years. They are sons of Mrs. Cumine, who resides at 651 Trutch Street, and the late George L. Cumine. Left to right are: Philip, member of the International Civil Aviation Organization, Montreal; Adam, fruit rancher, Osoyoos, B.C.; George, art director in an advertising firm, Montreal; Allan, government steamship inspector, Saint John, N.B.; and Robin, an advertising art director, Toronto.

At their reunion the brothers recalled Victoria schooldays and two of their teachers, Miss Lawson and Donald Fraser, and good times in Horehoe Bay, Beacon Hill Park, and the surrounding countryside. Adam and George had last seen each other in a brief meeting on the road between Poperinge and Ypres 32 years ago, in the First Great War. Soon afterward, Adam was wounded and returned to Victoria, while George was taken prisoner and held in Germany until the end of hostilities.

'Y' World Traveler To Speak Here

Start of an active campaign on the part of the local Y.M.C.A. to reach its World Youth Fund quota of \$5,000 will begin with the visit of E. J. J. Glenesk, general secretary of the Winnipeg "Y," to the city tomorrow and Saturday.

Mr. Glenesk, who recently completed a four-month world tour, visiting 21 countries, including Burma, India, Pakistan, Egypt, Greece, Norway, Czechoslovakia, Britain, China and the Philippines faces a full itinerary on his two-day visit.

Scheduled to arrive by air from Vancouver tomorrow at 10:30, Mr. Glenesk will address a joint meeting of the Lions Club and the Y.M.C.A. board of directors at the Empress Hotel at 12.

At 2:45 he will visit the Victoria High School to address the student assembly following which he will speak to the Y.M.C.A. staff at 3:30. He will be guest speaker at a dinner meeting of the program council and Y.M.C.A. groups at 6 in the evening.

Saturday morning Mr. Glenesk will be the guest on the "Y" radio show and at 12 he will address a boys' luncheon group at the "Y." He is scheduled to leave by air for Vancouver in the afternoon.

To date the Y.M.C.A. here has raised a total of \$1,000 for the World Youth Fund. Most of the amount has been raised by donations, dances and shows and other projects.

In his talks Mr. Glenesk will give an account of Y.M.C.A. work in countries which suffered during the war and which now need the cultural life rebuilt through such organizations.

800 X-rayed Here In Past Three Days

Over 800 persons have attended X-ray clinic sessions in Victoria during the past three days, since the Greater Victoria chest X-ray survey got under way Monday.

Close to 450 residents of the Victoria West district turned out to clinic sessions at the Victoria West School and another 400 at tented similar sessions at the unit installed in the health office of the City Hall.

All X-rays are taken free and there is no need for undressing. Medical authorities are anxious that as many citizens as possible take advantage of the service while in operation here.

Rural Postal Directory Now Available In City

The new, up-to-date rural postal directory for the southern half of Vancouver Island—Nanaimo and south—is now available, local post office officials announced today.

The 113-page directory contains the name, correct postal address and occupation of all rural residents in the area. The directory is normally an annual publication, but the new issue, compiled in the Victoria post office last month, is the first since 1946.

One postal official described the directory as practically a necessity for firms who mail out circulars or do other forms of personal advertising.

Also available is a similar directory for the northern half of the island, including the Alberni area.

J. B. Sinclair, postmaster, announced the following arrangements for Remembrance Day, Thursday, Nov. 11. Wickets will be open 8 a.m. until noon and the lobby will be open 6 a.m. to 6 p.m. There will be letter carrier delivery in the morning only. All dispatches and receipts of mail will be normal and special delivery service will be as usual.

Post Office Begins 'Mail Early' Drive For Christmas

Monday is the deadline date for mailing of letters and parcels for surface transport to the continent, Nov. 15, the deadline for parcels to the United Kingdom and Nov. 29 for letters, according to announcement Wednesday, by Postmaster John B. Sinclair at Victoria.

"Persons who mail early for Christmas overseas, will help the post office to give them the efficient, timely service they expect," he said.

"With Christmas less than two months away the Canada Post Office again urges the public not to delay posting parcels to friends and relatives in the United Kingdom and on the continent of Europe."

MARKED 'GIFT PARCEL'

Tips on sending parcels given out by the post office include the following:

Gift parcels to individuals in the United Kingdom must contain only bona fide gifts and must be clearly marked "Gift Parcel." Parcels containing food cannot be insured. Parcels containing food only should bear a yellow label No. 61 to expedite delivery.

The total value of the contents of parcels sent to the United Kingdom and other countries without an export permit must not exceed \$25.

The regular 15 and 20-pound parcel post rates apply on parcels over 10-pound in weight mailed from Canada to addresses in the United Kingdom. Articles mailed in parcels are subject to British customs regulations or purchase tax.

PACK SECURELY

The usual fully-completed Customs Declaration form (91B) must be affixed to all parcels addressed abroad. Care should be taken also to see that the non-adhesive Customs Declaration form (15B) and Dispatch Note (16B) are completed and forwarded with the parcel where necessary. To ensure speedy and safe delivery mailers are urged to pack all parcels firmly and securely in corrugated containers, wrapped tightly in several folds of thick wrapping paper and tied securely with strong twine.

Do not use shoe-boxes as containers or fancy tissue paper as outer wrapper, nor Christmas ribbon to tie. Parcels may be sewn in strong cotton fabric for greater security. Mailers are asked to enclose suitable items only, which run no risk of breaking and damaging the other mail.

The mailing of matches, safety matches, lighter fluid or any inflammable substance is strictly prohibited by law. Fresh fruit or any perishable items are unsuitable for mailing. Glass jars and bottles should not be included, as they are likely to break and cause widespread damage and possible injury.

Substances which might leak and damage the mails, if sent at all, must be enclosed in leak-proof metal containers with lid securely soldered on and the container surrounded with absorbent material in corrugated cardboard, and securely wrapped and tied.

All mail should be correctly addressed in ink and fully prepaid. Misleading abbreviations should be avoided. A return address should appear on each letter and parcel and a slip containing the complete addresses of the sender and addressee should be enclosed in every parcel.

Wreath will be placed on the Cenotaph by Capt. E. B. R. Spencer, O.B.E., R.C.N., on behalf of the Flag Officer and the Royal Canadian Navy.

Organizations in Esquimalt are urged to attend. Arrangements can be completed with J. E. Carey at B 2301. Space has been arranged for various organizations, including the I.O. D.E., Parent-Teacher Association, Community Club, members of the council.

Invite Scholarship Winners For Recital

This year's four Canadian Royal Schools scholarship winners, all British Columbians, will be invited to give a concert here early next year, it was decided at a meeting of the Royal Schools of Music Association at 2776 Cadboro Bay Road Wednesday evening.

Following the business of the association's meeting, there was a short recital by Mary Hammond, cello, and Una Calvert, piano, playing a Sammartini Sonata in G, and a Beethoven 'cello sonata, Opus 5 in F. Miss Calvert gave an analysis of the works performed.

Lime Bay Quarrel Aired In Court

"It was a drunken squabble," said James Cruikshanks in the witness stand of the city police court this morning when evidence was heard in the charge against him of assaulting his fellow Lime Bay resident, Sidney Carter and occasioning him bodily harm on Oct. 27.

Magistrate Hall, after hearing the evidence, noted there was a decided contradiction in the evidence and remanded the case to tomorrow for judgment. Also remanded was the counter-charge laid by Cruikshanks against Carter of common assault.

Says Victoria Park Development Not Up With Population Growth

The city park department gives much better value for the taxpayer's dollar than many cities in eastern Canada and the U.S., says W. H. Warren, parks superintendent, following an extensive tour of eastern cities.

Mr. Warren returned a short time ago from the convention of the Parks and Recreation Association of Canada at Ottawa and the tour in which he traveled 10,700 miles in five and one-half weeks.

In his visits to parks and gardens he noticed that in general U.S. cities spend large sums of money for capital investments in parks, including ornamental features, but, he said, maintenance has frequently been insufficient to keep the parks tidy in appearance.

Although he believes his department gets more done with the amount of money made available, by comparison with other cities, park development here has scarcely kept pace with the growth in population.

PROMOTE FLOWER BOXES

Mr. Warren believes the city should promote greater use of flower boxes to tie in with the hanging flower baskets, and he said that in Montreal prizes are offered for the best flower boxes displayed.

"We could do the same," he said. "Old and drab buildings can be transferred into attractive structures with the use of flower boxes."

Similarly, Mr. Warren continued, new ultra modern buildings can utilize flower boxes to relieve the monotony of severely bare stone fronts.

Golf Tournament Opens Convention

A golf tournament today opened the three-day 35th annual convention of the Association of Pacific Fisheries, meeting in Victoria for the second consecutive year.

More than 450 members and their wives are attending the convention. The two-day golf tournament opened today at the Friday at the Colwood Golf Club.

On Saturday, the delegates will hold their business sessions, including the election of officers for the forthcoming year. Members are attending from Alaska, Victoria Golf Club and will end Oregon and Washington.

Present officers of the association who are in Victoria for the convention, are: A. W. Wittig, president, Seattle; G. V. Graham, first vice-president, Seattle; J. A. Green, second vice-president, Bellingham; E. W. Thompson, fourth vice-president, Astoria, and Dr. E. D. Clark, secretary-treasurer.

STREET TREES

The parks superintendent said that street boulevard trees are held in much higher regard by the average citizen in the east than they are in Victoria.

"In the east the people are prepared to go to extreme lengths in order to preserve street trees," Mr. Warren said.

In comparing the parks in Victoria with those in other communities, Mr. Warren continued, one difference was most noticeable—metropolitan park planning.

Tacoma has a metropolitan park system which embraces both city and country. Cleveland has both a civic park system and a metropolitan system which covers the rural areas adjacent to the city.

CO-ORDINATION NEED

But in Victoria there are six different bodies controlling parks through the Greater Victoria area, and some attempt to co-ordinate this work would be desirable, Mr. Warren stated.

Allentown in Pennsylvania is the only U.S. city that has a comprehensive scheme for maintaining flower baskets on lamp standards similar to Victoria's scheme, the parks chief said.

"Actually Allentown started the scheme some time before Victoria, using a large cast-iron basin attached to the lamp standard in which the flowers are placed," he said.

The basins are kept full of greenery in the winter, but due to the difference in the climatic conditions and the type of lamp standard used, this scheme is not practical in Victoria, Mr. Warren said.

Libby's

"I wouldn't have this tummyache if I'd had a Libby's dinner"

Baby's first solid foods often cause digestive upsets even when they are carefully strained. This is because they contain coarse fibres, and cells which must be penetrated before nourishment can be assimilated.

Libby's exclusive homogenization process makes Libby's Baby Foods at least ten times finer in texture than foods which have been strained only. Only Libby's Baby Foods are homogenized. Tests prove that even a six-week-old baby can digest Libby's easily, without digestive upsets.

Seek Tax Rate Cut At South Cowichan

COBBLE HILL—Existence of a wide difference of land assessments as between the Municipality of North Cowichan and the rural districts was stressed in briefs requesting a reduction in the school assessment rate on property, presented by G. E. Bonner, C. B. Meredith and Richard Brown, representatives of the South Cowichan Ratepayers' Association, during a sitting of the assessment equalization board in Cobble Hill Hall.

Among those attending the sitting were Reeve D. D. Chapman, North Cowichan Municipality, and Mayor James C. Wragg, Duncan. The briefs stated that the Cowichan School District No. 65 included the assessment areas of the City of Duncan, Municipality of North Cowichan, Cowichan assessment district and Esquimalt assessment district.

They added that assessments in force in the rural areas of Cowichan School District were greatly in excess of assessments in force in the municipal portions of the school district. Members of the assessment equalization board were: Duncan K. Kennedy, R. R. F. Sewell and William T. Turnbull.

Ratepayers Score Lack Of Building

COBBLE HILL — Failure of the school board to commence work on the building program was scored at the annual ratepayers' meeting of the Mill Bay School area.

Ratepayers said they felt there should be something to show for the money voted in the by-law last February. Trustee C. R. West told the meeting it was hoped to have cement poured in the near future, so that actual building could be started early in the spring, to have the school ready for occupancy next September.

No headway could be made until specifications were presented by the architect, so that tenders could be called, the meeting was informed.

The meeting decided that teachers' salaries should be increased and recommended that the school board request the Department of Education instead of the ratepayers, shoulder the cost of any increase.

T. P. Barry was re-elected district school representative. Annual report of school board activities was given by G. F. Dyson, secretary of the Cowichan School District No. 65.

Mesachie Church Cornerstone Laid

MESACHIE LAKE—Mrs. Carlton Stone, wife of the president of Hillcrest Lumber Co., laid the cornerstone for the new Anglican church here Tuesday.

High wind and heavy rain did not halt the ceremony, nor dampen the spirits of those attending. The foundation for this edifice is already laid, and work will proceed as rapidly as weather permits. A gift to the community from the company, the church will be complete in every detail, and open to all in the Lake Cowichan district who wish to worship there.

Among those present at the ceremonies were: Mr. and Mrs. Carlton Stone, their four sons, Hector, Gordon, Norman and Peter, who all hold positions in the company; Mr. and Mrs. J. A. C. Drew, Mr. Jim Maitland, Mr. and Mrs. L. D. Tracer, Mrs. J. Irving and Mrs. Albert Fluyum, Sunday school teacher.

Plan Credit Union For North Saanich

SIDNEY—Organization of a credit union for the benefit of North Saanich residents has been undertaken here with temporary directors named.

They are: M. Connor, N. Shanks, Mrs. W. G. Skinner, E. Bushy, W. Baillie, N. Shillito and J. W. Lott. The group will apply for a charter under the Credit Union Act, following receipt of which a meeting for the purpose of general organization and enrollment of all persons interested will be called.

Nanaimo Likely To Get Radio Station

A \$200,000 addition to Nanaimo's Malaspina Hotel will be erected to house a 250-watt radio station as soon as the application of George Randall, hotel owner, for a license to operate such a station is granted.

Mr. Randall, prominent Victoria real estate man, stated today that with the rapid growth in the Nanaimo area, the need for a radio station had arisen. He cited the H. R. MacMillan pulp mill and the new C.P.R. wharf as examples of the expansion in the up-island city.

Report of the application for

a station license came from Ottawa Wednesday. CBC board of governors has recommended approval of the application.

Plans and specifications for the addition to Nanaimo's leading hotel have already been drawn up and construction will get under way when the station license is granted, Mr. Randall said.

Try baking apples this way for a change. Core apples and cut in half crosswise. Arrange in baking dish and sprinkle with brown sugar. Then pour apricot whole fruit nectar over apples and bake in moderate oven until they are soft. Serve with whipped cream and sprinkle with chopped nuts.

Brother's Cries Save Twin's Life

DUNCAN—Calls for help from their four-year-old brother, Garry, saved the lives of three-year-old twin girls, children of Mr. and Mrs. G. W. Scott, Youbou, who nearly drowned in the waters of Cowichan Lake, 20 miles west of here, while attempting to rescue their doll which one of them threw in the water.

Frank Seed, a lake resident, rescued Lorna who rose quickly to the surface of the lake, while Linda was found several minutes later on the bottom. Both children were brought to the King's Daughters' Hospital at Duncan for treatment.

B.C. Car Owners Pay More For Gas Than Prairie People

VANCOUVER (CP) — The British Columbia automobile owner pays from \$6 to \$30 a year more than his prairie counterpart for his gasoline, the Board of Transport Commissioners was told Wednesday.

R. D. Baker, president of Standard Oil in B.C., said users of fuel oil in B.C. pay as much as \$30 yearly to the Canadian railways through the mountain differential.

Mr. Baker presented the case of the petroleum companies of the province as the hearing, conducted before Mr. Justice B. N. Archibald of Ottawa, listened to evidence of B.C. industrialists.

His presentation was in support of the B.C. application for the removal of the mountain differential in Canada's freight rate structure.

He said high freight costs had forced establishment of 15 price zones throughout the province. The zone price thus established was no longer sufficient to cover current rail transportation costs.

"This situation was caused by the 21 per cent increase in rail freight rates effective April 18 of this year."

FURNITURE TRADE

L. R. Metcalfe of Vancouver, speaking for the furniture manufacturers of B.C., outlined savings from 7 cents to 18 cents per 100 pounds which would have been effected on shipments if there was no differential.

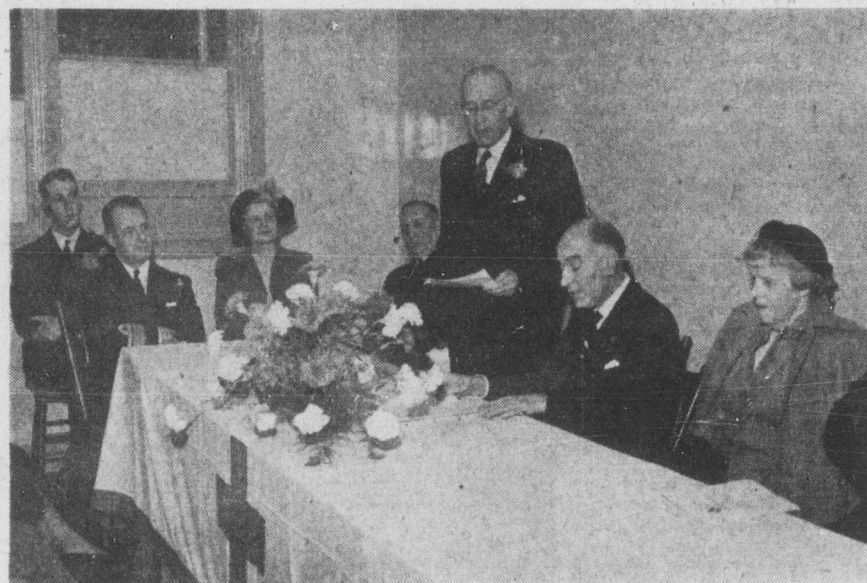

"When the competitive position of one section of (the furniture) industry is unfairly handicapped by a disparity in freight rates," he said. "We think the rate situation should be rectified."

He said the discrimination is further aggravated by more advantageous freight rates existing from the manufacturing centres of Ontario and Quebec on provincial shipments.

Mr. Metcalfe said the removal of the differential would not completely close the gap in rates at present between eastern and western manufacturers, but "it would be a step in the right direction."

Dr. Charles E. Curzon, Bishop of Exeter, will resign at the end of this year because, he says, "the work demands physical energy which is no longer mine."

New Red Cross Headquarters Opened

Lieutenant-Governor Banks gives the opening address. Left to right: Lieut. C. E. Brooks, flag lieutenant; Rear-Admiral H. G. DeWolf, C.B.E., D.S.O., D.S.C., Flag Officer Pacific Coast; Mrs. Orson Banfield, wife of the provincial Red Cross president; C. A. Scott, Red Cross commissioner; the Lieutenant-Governor, Col. J. Q. Gillan, Victoria branch president, and Mrs. Banks.

Lieutenant-Governor and Mrs. Charles A. Banks arrive at Red Cross House to officiate at the opening, and are welcomed by Col. J. Q. Gillan, president of the Victoria Red Cross branch. Guard of honor was made up of members of the Red Cross Corps.

Victoria's Red Cross branch now has a home of its own.

After operating for 48 years in small offices in various buildings in city centre, the branch has moved into a modern, one-story structure at 1046 Fort Street, which offers more room and facilities for all Red Cross services which operate in this area.

Purchased some time ago, the building was completely renovated to suit Red Cross needs and was officially opened Wednesday by Lieutenant-Governor Charles A. Banks.

In his opening address, Lieutenant-Governor Banks made mention of all Red Cross services which will use the building and paid tribute to those who

take active roles in the important work.

"The Red Cross is as essential in peace as it is indispensable in peace," he said. "Its strength in peace is its strength in war, and although we are all hoping and striving for peace, one has only to read the news, and to listen to the ominous mutterings of war to feel glad that our Red Cross in our city of Victoria is being maintained and equipped so that it can meet any eventuality that might arise."

Col. J. Q. Gillan, branch president, said:

"Today marks another milestone, perhaps the most important one, in the history of the Victoria branch of the Canadian Red Cross Society, for it brings to a successful termination long continued efforts to provide

for the branch a permanent home for its many activities."

Also taking part in the opening program were Orson Banfield, B.C. Red Cross president; C. A. Scott, provincial commissioner; Mrs. J. N. Mawer, B.C. representative on the Central Council, and Rear-Admiral H. G. DeWolf, C.B.E., D.S.O., D.S.C., Flag Officer Pacific Coast.

War Veterans Can Wear Uniforms On Remembrance Day

Approximately 40,000 Active and Reserve Force soldiers and more than 200,000 war veterans will participate in Armistice Day ceremonies across the country Nov. 11, military authorities at Ottawa estimated this week.

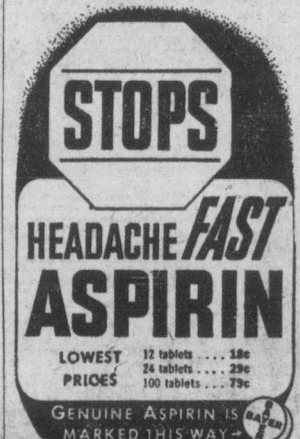

Thousands of wreaths will be deposited by both service units and civilian organizations at hundreds of cenotaphs as veterans of two world wars parade in memory of fallen comrades.

Ceremonies everywhere will be brightened considerably by bands of various military units and service associations.

Many veterans will be back in uniform if only for the day, as army headquarters has authorized all ex-members of the Canadian army to wear uniform Nov.

11. Earlier, authority to wear uniform was granted all veterans engaged in the selling of poppies.

Bob Hope Ready For Television Start; Plans Novelty Shows

By BOB THOMAS

HOLLYWOOD (AP) — Now that Bob Hope is immobile with sprained leg, I figured, 'tis a good time to corral him on his television plans.

When I arrived at his home, Hope was standing on crutches by the front door.

"I've been in bed for three days—longest I've been in one place in my life," he said. "This sort of thing has got to go."

He hobbled into a car and said he was going to take a treatment in the training room of the Los Angeles Rams, pro football team. As we drove over, he explained the game gam was due to his over-acting. He had to scramble up a gangplank for a movie scene and on the seventh try his leg folded up. The film is wryly titled "Easy Does It."

"Crosby said my leg taught him a lesson," Hope snorted. "What a laugh! Crosby never moves that fast. The only time he really moves is when he goes to the bank."

TO THE POINT

"What about video?" I interjected, having heard he had passed up an offer from General Motors for four videocasts at \$50,000 a shot.

"I just didn't have time to do it," he explained. "But I'm free from Paramount and my air sponsor to do whatever I want on television—and it won't be long now."

Bob said that Hope Enterprises would prepare a number of video shows, along novelty lines. One would star rapid Robert himself.

"I'd like to do a full hour," he said. "Imagine what you could do on television; on radio, people complain if you try to milk an audience with 'sight' stuff. (The trick of grimacing, etc., at the audience to get bigger laughs)."

"But in video, everything is 'sight.' I could throw the script out in the audience and have them throw it back."

ODEON THEATRE

It strikes into one's heart with the impact of an atom bomb, so great is the force of the flaming Technicolor production, "Tap Roots," a highly combustible film story of a county in southern Mississippi during the days leading into the Civil War. The Walter Wanger presentation released by Universal-International, opened yesterday at the Odeon Theatre with lovely Susan Hayward and handsome Van Heflin in the co-starring roles.

There is violence and tenderness, heartache and paced excitement in the thrilling spectacle adapted to the screen from the now famous novel by James Street.

TWENTY-TIME DONOR—James S. MacKay, right, became the first Victorian to receive a Governor-General's certificate for voluntarily donating 20 pints of his blood to help persons in need. He received his award Wednesday at a brief ceremony held in the new Red Cross House, 1046 Fort Street. The presentation was made by Col. M. D. Robertson, left, past chairman of the Red Cross blood transfusion service here.

Military Tribunal Holds Japan Guilty Of Aggression

TOKYO (AP) — The International Military Tribunal held today that Japan was guilty of waging wars of aggression against China and planning similar hostilities against the United States, Britain, Russia and other Allied powers.

The ruling came in the first day's reading of the voluminous judgment in the war crimes trial of ex-Premier Hideki Tojo and 24 co-defendants. It covered the period from 1928 to 1938.

Thus far in its reading, the tribunal has declared that "militarists and their supporters" seized control of Japan's government. This in effect means that any who joined in the 17 cabinets since 1928 adopted the militarists' policy as their own.

Earlier, the tribunal had cleared the 25 defendants of 38 of the 55 counts in their war-crimes indictment.

The 11-nation court held it lacked authority to try the defendants for "conspiracy to murder," a decision also reached at Nuremberg. In effect, it eliminated counts dealing with each separate act of alleged Japanese aggression.

The defendants, however, will not hear their fate immediately. Sir William Webb of Australia, tribunal president, is not expected to complete the judgment reading—1.75 pages totaling 300,000 words—before Nov. 11.

Reviving an old building-trade custom, R. O. Lloyd, a Birkenhead contractor, "stood" 250 workers a bottle of beer each to celebrate the completion of masonry work on the last of 420 houses on a corporation estate.

Where To Go Tonight

(As Advertised)

ATLAS—"The Emperor Waltz," starring Bing Crosby and Joan Fontaine.

CAPITOL—"Peter Lawford and Esther Williams in 'On An Island With You.'"

DOMINION—"A Star Is Born," starring Janet Gaynor and Fredric March.

OAK BAY—"Call Northside 777," with James Stewart and Helen Walker.

ODEON—"Van Heflin in 'Tap Roots.'"

PLAZA—"Jinx Money," starring Leo Gorcey.

ROYAL—"That Lady in Ermine," starring Betty Grable and Douglas Fairbank.

YORK INTERNATIONAL—"The Seventh Veil," starring James Mason.

ATLAS THEATRE

For the final scene in "The Emperor Waltz," Paramount's Technicolor romance-with-music, the studio hired the three smallest actors on record—three six-day-old puppies of undetermined origin. The puppies were promptly dubbed "Hart," "Shaffner" and "Marx" and were rented from the owners of "Buttons," "Scheherazade" and "Louie," who play important roles in the production.

"The Emperor Waltz" co-stars Bing Crosby and Joan Fontaine and is now at the Atlas Theatre.

ROYAL THEATRE

Photographed in glorious color by Technicolor, and co-starring Betty Grable and Douglas Fairbanks, Jr., "That Lady in Ermine," the new Twentieth Century-Fox musical extravaganza, currently at the Royal Theatre.

The picture is being acclaimed as one of the most dazzling productions of the year, with Miss Grable at her most glamorous, and with Douglas Fairbanks, Jr. singing and dancing for the first time on the screen.

Bowery Boys Win Laughs At Plaza

There were a million laughs on the screen of the Plaza Theatre with the opening of Monogram's "Jinx Money," today. Star Leo Gorcey, Huntz Hall and the other young actors who comprise the popular film Bowery Boys are at their zaniest in their latest "whodunit."

A mobster is murdered after he cleans out a poker game, and Gorcey accidentally picks up the \$50,000 in winnings as it lies in the street. After that the petty racketeers are on the trail of the Bowery Boys. One after another of these mobsters are mysteriously murdered as they scheme to get the huge sum from the lads. The police join in the merry chase, and the murderer makes it hot for Gorcey and his buddies in the dramatic but hilarious climax.

'On An Island With You' At Capitol

The six-star cast on "On An Island With You" which opens today at the Capitol Theatre, comprises Esther Williams and Peter Lawford, seen together for the first time, Ricardo Montalban, who scored with Miss Williams in "Fiesta," Jimmy Durante, Cyd Charisse and Xavier Cugat and his orchestra.

Topping the supporting cast are Leon Ames, Kathryn Beaumont and Dick Simmons. The producer is Joe Pasternak; the director, Richard Thorpe; the color by Technicolor. Four writers have a hand in the screen play—Dorothy Kingsley, Dorothy Cooper, Charles Martin, Hans Wilhelm. The songs are by Nacio Herb Brown and Edward Heyman.

Scholarships Given

MONTREAL — Two free scholarships to McGill University are offered again this year to employees of the Canadian Pacific Railway under 21 years of age and to minor sons and daughters of employees. It was announced by N. R. Crump, vice-president of the C.P.R. Seventy-seven of those scholarships have already been awarded by the Canadian Pacific.

Subject to competitive examination and eligibility to enter the university, the scholarships cover a period of not more than six years, renewable from year to year. Chemical, civil, mechanical and electrical engineering, architecture, arts, science and commerce are the courses offered for men and women, and for women only there is a course in household science at Macdonald College.

SOLARIUM GETS \$200

At the regular monthly meeting of the Cowichan Bay Salmon Club last night, \$200 was voted to the Queen Alexandra Solarium and \$25 to the Cowichan Bay Volunteer Fire Department.

WELL, ALL OF YOUR ASPIRIN TABLETS LOCK ALIKE TOO, DON'T THEY?

No Reprieve Yet For Winnipeg Man, Convicted Slayer

WINNIPEG (CP)—Barring a last-minute reprieve, Clarence James Richardson, 33-year-old Winnipegger, will mount the gallows at the Headingley Jail sometime after midnight tonight to pay with his life for the bludgeoning slaying of Mrs. Ann Varty early last January.

Officials said no word had been received from the Justice Department at Ottawa concerning possible commutation of the death sentence to life imprisonment.

A married man with one child, Richardson was arrested by city police 36 hours after the body of attractive, 25-year-old Mrs. Varty had been found lying in a snow-drift in a sparsely-populated section of Winnipeg. Her head had been crushed by repeated blows, with a ball-headed hammer lying nearby.

An appeal by Richardson against his conviction was dismissed recently by a unanimous decision of the Manitoba Court of Appeal. The plea for clemency was carried by defence counsel to the Governor-General.

Yellowknife Field Expansion Likely

EDMONTON (CP)—Expansion on the Yellowknife, N.W.T., mineral fields appeared likely today with reports that several mining companies have taken new claims in the area.

The field, roughly 750 air miles north of Edmonton, originally was developed as a gold centre, but extension of base metals deposits by at least four Canadian and United States companies is planned.

Reports from Toronto said one group of 25 claims has been purchased by Hollinger Consolidated Mines from a Yellowknife prospector, Jim McAvoy. McAvoy and a group of young prospectors made initial discoveries in the eastern Great Slave Lake area.

Say Iran Protests Russian Invasion

TEHRAN (AP)—A usually reliable source said today Iran has protested to Russia that Soviet soldiers invaded Iranian territory last week. The report of the protest was not officially confirmed.

A government spokesman said 200 Russian troops, with armament including a tank, crossed the frontier from Soviet Azerbaijan Oct. 26 and fought a four-hour battle with Iranian frontier guards. One Iranian guard was killed and a number of others wounded, he said. The fight occurred, the spokesman said, near Bidashy, 75 miles northwest of the Caspian sea port of Astara.

\$64 MATRIMONIAL QUESTION
How often and how long should husbands and wives take vacations away from each other? This is one of the \$64 matrimonial questions that cannot be answered definitely, because it all depends upon the temperaments of the individual party of the first part and the party of the second part. Sometimes, as the old adage says, absence makes the heart grow fonder. And sometimes it makes it grow fonder for some other woman or man.

Generally speaking, there are two schools of thought on the subject of vacations. One is the adhesive, or mustard plaster, type of marriage which holds that husbands and wives never should take a day off from each other's society. They should go to the same places, know the same people, read the same books, eat the same food, have the same tastes and habits, and realize the poet's ideal of two souls with but a single thought, two hearts that beat as one.

This plan is presumed to promote the affection of married couples, and it probably works with the rubber-stamp type of individuals, for it is no uncommon thing to hear a wife boast that she and her husband never have been parted for a day in the 20 or 30 years of their marriage.

SECOND THEORY

The other school of thought on the vacation problem puts its faith in the absence treatment. It holds to the theory that just as nobody can eat 30 quail in 30 days and still relish them, so no husband and wife can live together constantly without getting fed up on each other. It

contends that the reason that so many husbands and wives sit up at evenings in a silence so thick you could cut it with a knife—or else quarrel—is because they are so tired of each other, and that the way to keep a marriage a going concern is to keep it moving instead of static.

Now each of these plans for the vacation of husbands and wives has its points. The married couple who always go together may have a pleasant outing with a congenial companion and be able to say to each other: "Don't you remember the exhibition in Toronto, or the So-and-So's we met in San Francisco?" But they are not likely to have any startling adventures.

ADAPTING THEMSELVES

On the other hand, the husband and wife who take their vacation alone have the unique privilege of doing what they want to do, themselves, instead of adapting themselves to their mates. If the husband wants to fish, he fishes. If the wife wants to go to a swanky hotel and show off her new clothes, she goes. And both return refreshed and filled with new things to talk about.

But the summer vacation for husbands and wives, like all other good things, must be taken in moderation. Two or three weeks' absence from home is enough. A month is the limit. Two or three weeks' separation will give the galled spouses made by the matrimonial yoke time enough to heal. It will give the husband and wife a chance to realize that domestic freedom is the loneliest thing on earth and that, after all, there is no place like home.

All of which adds up into saying: Take your vacation. Enjoy it. But make it short and snappy. And be careful. Don't forget that there is always a summer widow or widower seeking whom she or he may devour.

By order,
J. M. SOMERVILLE, Secretary.

U.N. Believes U.S. In Stronger Role With Truman's Win

PARIS (AP)—United Nations circles today predicted prompt strengthening of the predominant United States role in world affairs as a result of President Truman's return to office.

While both the American and foreign delegations here still sought to overcome their surprise at the election news and its implications, several principal factors emerged:

There will be no waiting period before a new President takes office.

Furthermore, the President in the future can count on support from his party in both Houses of Congress. The position of the United States government thus is fixed firmly for at least the next two years.
